This is a book of poetry about Trauma Patients , about traumatic events and their impact on Caregivers, First Responders, Families, and Good Samaritans who try, sometimes without hope, to make a terrible situation better. Front line health care and emergency workers are a hardy lot but we all have scars that don't heal well. It is why we don't think a lot about the people we has helped to live another day (That is our job). We think more of those we lost. We try, every day, to learn to do better. A perfect example- is the CoVid 19 crisis. I am retired now, but I am proud to have been part of such a wonderful group of people. WE all have ways of getting through each day, especially the hard ones. If you don't deal with what you see and feel, it will tear you apart. For me, Writing has always been a way for me to deal with some of life's harsher realities. The writing helps but poetry heals. Writing 'tells' but poetry 'feels'. We all need to feel this. Gary is a Masters-prepared Poet , Writer, and Editor. The Instant New York Times Bestseller "From “Family Guy” to his own Instagram account, Janetti has been behind some of his generation’s greatest comedy. This book of essays is no exception." — The New York Times Fans of David Sedaris, Jenny Lawson, and Tina Fey...

meet your new friend Gary Janetti. Gary Janetti, the writer and producer for some of the most popular television comedies of all time, and creator of one of the most wickedly funny Instagram accounts there is, now turns his skills to the page in a hilarious, and poignant book chronicling the pains and indignities of everyday life. Gary spends his twenties in New York, dreaming of starring on soap operas while in reality working at a hotel where he lusts after an unattainable colleague and battles a bellman who despises it when people actually use a bell to call him. He chronicles the torture of finding a job before the internet when you had to talk on the phone all the time, and fantasizes, as we all do, about who to tell off when he finally wins an Oscar. As Gary himself says, “These are essays from my childhood and young adulthood about things that still annoy me.” Original, brazen, and laugh out loud funny, *Do You Mind If I Cancel?* is something not to be missed. Though they have changed much over the years, the streets of Athens, Georgia, hold centuries of history in just their names alone. Historical researcher Gary Doster delves into the streets and neighborhoods of the Classic City, revealing previously unreported stories from its past. Soto writes with a pure sweetness free of sentimentality that is almost extraordinary in modern American poetry. -- Andrew Hudgins. Soto insists on the possibility of a redemptive power, and he celebrates the heroic, quixotic capacity for survival in human beings and the natural world. --

Publishers Weekly. Soto has it all -- the learned craft, the intrinsic abilities with language, a fascinating autobiography, and the storyteller's ability to manipulate memories into folklore. -- Library Journal. When Ralph Linderman returns a stranger's wallet he found during a morning stroll through Greenwich Village, he is entirely unprepared for the complex maze of sexual obsession and disturbing psychological intrigue he is about to be drawn into. Patricia Highsmith, author of *The Tremor of Forgery*, *Strangers on a Train*, and *The Cry of the Owl* has once again created an unsettling thriller that explores the bleakest alleyways of human desire. Highsmith has been called "one of the finest crime novelists" by the *New York Times* and is now considered one of the most original voices in twentieth-century American fiction.

something yet again. Simultaneous. Chuck is the ninth grader, the fat kid from a father absent family, and the whipping boy for the jocks at his school. Brody is the Special Forces soldier, just returned from Iraq with a Bronze Star, Purple Heart and Post Traumatic Stress Disorder. Each afraid to confront his own adversaries, they sit alone, defeated by their weaknesses, suffocating in the loneliness and nightmares of their worst fears. But when Brody moves into the abandoned house on Bird Street, next door to Chuck, the two wounded warriors eventually forge an unlikely friendship

On a short winter day, Samuel and his father enter into a series of trades with neighbors and strangers until they come home with a brown-eyed milk cow for Mama.

Architect and photographer Gary Chang has a strange obsession: he absolutely loves hotels. It's a good thing, as he spends about 120 days a year traveling all over the world. Chang has become something of a hotel expert, but meeting his exacting standards for a suitable home away from home isn't easy. He doesn't stay at just any hotel. He plans his trips with exhaustive research on the hotels of his destination and even stays at several different ones during the same trip to one city. His favorite hotels are

those places that have a certain special quality, ranging from New York's kitschy Maritime to Budapest's classic Gellert to Zurich's brand-spanking new Zurichberg. Chang's most-loved finds are documented in beautiful photographs, his hand drawn floor plans, and personal texts in *Hotel as Home*. He presents thirty-five hotels from around the world in this wonderfully atmospheric book from the Hotel 101 in Reykjavik to the Hotel Le Corbusier in Marseilles, the Soho House Hotel in New York, the W Hotel in Sydney, the Four Seasons in Tokyo, and the Hotel Metropolitan in Bangkok. Whether it's the all-white design of Starck's Hotel Delano in Miami, the Art Deco brass beds and chandeliers in the rooms of Istanbul's Pera Palaca Hotel, or the Zen atmosphere of London's Hotel Hempel, there's something to love in all of the hotels shown here. This a must-have for business class road warriors and all travelers in search of a unique, memorable, and rejuvenating hotel experience. "Instant City," "Magic City of Steel," "Sin City," "Chocolate City," "Plywood City," "Murder Capital." Once the second-largest city in Indiana, and home to the world's largest steel mill, Gary has suffered and shrunk greatly in the postindustrial global economy. Population numbers now approach pre-Great Depression lows. Large swathes of its land are urban prairie, and a recent survey found a quarter of the Gary's built environment is in a dilapidated or dangerous condition. But Gary is also a center of Black culture and political power. It is home to the Indiana

Dunes National Park and globally rare ecosystems. Union, community organizing, and environmental justice struggles based in Gary have profoundly shaped social and political life in the United States. It is the setting for everyday joys and tragedies, and very much alive. The Gary Anthology's contributors include not only the essayist, poet, and journalist but also the graffiti writer, the minister, the activist, the singer, the organizer, and of course, the steel worker. Their work complicates standard narratives about steel, violence, and urban decay, and offers readers the chance to hear from those who are reshaping the city from the bottom up. Taken as a whole, the collection is a vibrant rebuke to the notion that Gary is "dead." Don't ask author Gary Mielo what it was like to grow up in North Bergen, New Jersey. He's likely to relate personal essays and anecdotes that include "the most heinous experience, the one which can easily produce the deepest and most lasting of scars, is an affliction known as the senior prom". He'll evoke "a time when yellow air raid shelter signs, hanging on the walls of virtually all candy stores, ice cream parlors, and other public buildings, reported the way to alleged underground safety". And narrate the demise of his 1955 DeSoto "while traversing one of the world's most heavily trafficked truck routes, the infamous Tonnel Avenue". Comprised of 44 personal essays, 74th Street Stories extols New Jersey's Hudson County as it and its North Bergen residents lived through two of the most bizarre

decades in recent history, namely the Cold War 1950s and the Strung Out 1960s. Nevertheless, the moments of sudden awareness recounted in many of these essays go beyond the merely wistful or the distinctively reminiscent. The characters and incidents described in 74th Street Stories have their roots in a town and a county that nurtured an identity that was nothing less than wonderfully peculiar. In a prose that is so beautiful it is poetry, we see the world of growing up and going somewhere through the dust and heat of Fresno's industrial side and beyond: It is a boy's coming of age in the barrio, parochial school, attending church, public summer school, and trying to fall out of love so he can join in a Little League baseball team. His is a clarity that rings constantly through the warmth and wry reality of these sometimes humorous, sometimes tragic, always human remembrances. At Little League, Luis is catching fly balls, stealing bases, and hitting like a champ. But there is a problem: he thinks he's getting good luck from the snacks he samples at the supermarket before every game. Then one day his mom goes directly to the field and he has a horrible practice. The day she skips the stop at the store before a game, he strikes out twice. Luckily, Luis's father understands and convinces him that practice and concentration matter much more than any superstition. Follows the lives of three Hispanic men living in Oakland. An exuberant celebration of everyday life from an award-winning team. CNBC Money Expert

LONGLISTED FOR THE CARNEGIE MEDAL FOR EXCELLENCE IN FICTION “The fuel and oxygen of immigrant literature—movement, exile, nostalgia, cultural disorientation—are what fire the pistons of this trenchant

This modern classic celebrates the tradition of tamales and family bonding at Christmas. Christmas Eve started out so perfectly for Maria. Snow had fallen and the streets glittered. It was almost too good to be true when her mother left the kitchen for a moment and Maria got to try on her beautiful diamond ring . . . This is the story of a treasure thought to be lost in a batch of tamales; of a desperate and funny attempt by Maria and her cousins to eat their way out of trouble; and the warm way a family pulls together to make it a perfect Christmas after all. Also available in Spanish as ¡Qué montón de tamales! “Henry Smith’s father told him that if you build your house far enough away from Trouble, then Trouble will never find you.” But Trouble comes careening down the road one night in the form of a pickup

truck that strikes Henry's older brother, Franklin. In the truck is Chay Chouan, a young Cambodian from Franklin's preparatory school, and the accident sparks racial tensions in the school—and in the well-established town where Henry's family has lived for generations. Caught between anger and grief, Henry sets out to do the only thing he can think of: climb Mt. Katahdin, the highest mountain in Maine, which he and Franklin were going to climb together. Along with Black Dog, whom Henry has rescued from drowning, and a friend, Henry leaves without his parents' knowledge. The journey, both exhilarating and dangerous, turns into an odyssey of discovery about himself, his older sister, Louisa, his ancestry, and why one can never escape from Trouble. How did one man's unshakable faith shape the future of thousands struggling to break free from the grip of addiction, poverty, and sin? Join Gary Wilkerson as he

shares a never-before-seen look at the incredible life and legacy of his father, bestselling author and evangelist David Wilkerson. This book tells the story of David Wilkerson, a man who refused to give up on those on the streets even when they had given up on themselves, and who saw in the eyes of drug addicts and gang members what others failed to see--the unconditional love of Jesus Christ. But who was David Wilkerson? When Wilkerson moved to New York from rural Pennsylvania in 1958 to confront the gangs who ran the streets, he was a skinny, 120-pound man. After the initial publicity that brought him face to face with some of the most dangerous young men in the city, he largely flew under the radar of the media, using the Word of God and a bit of tough love to help men and women of the street escape the destructive spiral of drugs and violence. Wilkerson was always the real deal, full of passion and conviction, not interested in what others said was the "right" thing to do. An evangelist both in America and overseas, David authored books that inspired people to be serious about their relationship with Christ. His financial generosity reached around the globe, providing homes for the destitute and feeding programs for the hungry. When he founded the Times Square Church in 1987, his ministry impacted more lives than he ever dreamed possible. Throughout David Wilkerson, you'll be inspired by: The life-changing power of faith What it means to trust God wholeheartedly The importance of following your true, God-given calling

David was a man of faith who trusted God would give him what he needed to enter a cruel world; a man of conviction who took the dream God gave him and marched forward without ever looking back. As you come to know David's story, you'll learn to see the world the way he did--through the lens of eternity. A wry, unvarnished chronicle of a career in the rare book trade during its last Golden Age When Gary Goodman wandered into a run-down, used-book shop that was going out of business in East St. Paul in 1982, he had no idea the visit would change his life. He walked in as a psychiatric counselor and walked out as the store's new owner. In *The Last Bookseller* Goodman describes his sometimes desperate, sometimes hilarious career as a used and rare book dealer in Minnesota—the early struggles, the travels to estate sales and book fairs, the remarkable finds, and the bibliophiles, forgers, book thieves, and book hoarders he met along the way. Here we meet the infamous St. Paul Book Bandit, Stephen Blumberg, who stole 24,000 rare books worth more than fifty million dollars; John Jenkins, the Texas rare book dealer who (probably) was murdered while standing in the middle of the Colorado River; and the eccentric Melvin McCosh, who filled his dilapidated Lake Minnetonka mansion with half a million books. In 1990, with a couple of partners, Goodman opened St. Croix Antiquarian Books in Stillwater, one of the Twin Cities region's most venerable bookshops until it closed in 2017. This store became so successful and inspired so

many other booksellers to move to town that Richard Booth, founder of the “book town” movement in Hay-on-Wye in Wales, declared Stillwater the First Book Town in North America. The internet changed the book business forever, and Goodman details how, after 2000, the internet made stores like his obsolete. In the 1990s, the Twin Cities had nearly fifty secondhand bookshops; today, there are fewer than ten. As both a memoir and a history of booksellers and book scouts, criminals and collectors, *The Last Bookseller* offers an ultimately poignant account of the used and rare book business during its final Golden Age. As they settled in Gary, immigrant groups established communities, built churches and schools, and clung to their cultural traditions. Glen Park included Poles, Slovaks, Serbs, Russians, and Italians. Through archival photographs, family snapshots provided by former residents, and shared memories, the reader is taken on a nostalgic journey from the city's founding in 1906 through to the 21st century. What goes on in the life and mind of a street light? Gary Jenkins, retired Christian minister, presents a simple story with profound truths for children. He is ably assisted by his granddaughter, Olivia Jenkins, age 9 at the time of her contributions. Growing up in the streets of Metro-Detroit was a challenge for author, Gary Harris. He faced many trials and tribulations most would have backed down from, but his faith and persistence continuously placed him back on the right path. Like many who live life on the

streets, Gary felt alienated from the opportunity to achieve the "American Dream" we all hope for. He struggled to find his way, and eventually, realized his calling as a personal trainer and mentor for troubled youth. This book explores the alienated street life experiences of Gary Harris - how he escaped psychological slavery to return to the Godly ways of wellness and family. In 1869, the police force in Los Angeles went from a voluntary to a paid city police force. Since then, thousands upon thousands of men and women have served on the Los Angeles Police Department. In this book, thirty-four former officers share stories of their experiences in police work in their own words. Of the thirty-four, the first officer came on in 1941 and the last officer retired in 2009, a range of time just short of seventy years. The experiences recounted in this book cover a wide range of assignments and speak to just about any situation a police officer can encounter. The officers were frank, truthful, and open about an occupation met with everything from monotony to split-second life and death decisions. They recounted their thoughts of purpose, duty, and in many instances, valor. Whether rescuing an abused child, confronting armed individuals, managing civil disorder, or losing one of their own, the officers in this book reveal the human element present in all those who serve in law enforcement. We met these spirited best friends in Fearless Fernie, and now they're taking on the world! From boxing a kangaroo in Australia to craving Mexican

food in Taiwan, or riding a runaway camel in Egypt and eating cheese as holey and smelly as their socks in Switzerland, the globe is their imaginary playground. Gary Soto's accessible and humorous poems will elicit nods of recognition and bursts of laughter as readers enjoy this outrageous jaunt around the world. Praise for Fearless Fernie: Hanging Out With Fernie and Me A poster child for our nation's urban experimentation a century ago, Gary was forged with hype and hope, dreams and sweat, political agendas and tons of steel. The hardscrabble city attracted all kinds, from shady scoundrels and famous architects to hardworking immigrants and brilliant entrepreneurs. Boasting 180,000 residents at its peak, the booming melting pot eventually faded away under the afflictions of urban decay, racial unrest and political upheaval. Jerry Davich explores the remnants of Gary's glory days, from Union Station in ruins to City Methodist Church stripped of its soul. Revisit the Sheraton Hotel's demise, Emerson High School's hard lessons, Vee-Jay Records' last release and a devastated downtown filled only with façades and fond memories.
