Your Job *Guide to Intellectual Property A Manual of Style for Contract Drafting Taxpayer's Comprehensive Guide to LLCs and S Corps* **Dead on Arrival Filmmaking For Dummies 10**
Legal Basics for Producing a Feature Film Or Documentary Patents Demystified **General Information Concerning Patents** Start-Up Smarts

How can I avoid self-employment taxes? This simple question was the inspiration for creating an article describing the benefits of an S Corporation. That original article, which was about four pages long, quickly became a series of KnowledgeBase articles on the Watson CPA Group website. The articles touched on basic topics such as how to elect S Corp status, payroll, reasonable salary determination, retirement planning, health care, fringe benefits and liability protection. Those broad topics demanded much more information, both horizontally by spanning into more related issues, and vertically by digging deeper into the granular yet riveting levels of the tax code. The articles were grouped and relabeled as the Taxpayer's Comprehensive Guide to LLCs and S Corps which grew to 39 pages in its first edition. Time marched on, and more information was added to the first edition such as expanded retirement planning concerns, health care options after the Affordable Care Act and business valuations including exit strategies. Boom, we now had our second edition at over 100 pages. At that point it was suggested by some clients and colleagues to convert the PDF into an eBook as well as paperback. So here we are.. Each week we receive several phone calls and emails from small business owners across the country who have read our Taxpayer's Comprehensive Guide to LLCs and S Corps and praised

the wealth of information. Regardless of your current situation, whether you are considering starting your own business or entertaining a contracting gig, or you are an experienced business owner, the contents of this book are for you. This book will show you how to reduce your self-employment taxes through an S Corporation election and how to use your corporation to your retirement and fringe benefit advantage. You will also learn the operational considerations of an S Corp plus the 185 reasons you should NOT elect S Corp status. Want to buy or sell a business? That's in here too. This book is written with the general taxpayer in mind. Too many resources simply regurgitate complex tax code without explanation. While in some cases tax code and court opinions are duplicated verbatim because of the precise words, this book strives to explain many technical concepts in layperson terms with some added humor and opinions. We believe you will find this book educational as well as amusing. A divorce can be the most painful and expensive experience of your life. Whether you use a lawyer or not, protect yourself by getting all the information you need about divorce laws and your legal rights. Let *File for Divorce in Washington* help you get control over this stressful time of your life. Learn how to: - File an Uncontested or Contested Divorce - Protect Your Assets, Yourself and Your Children - Save Money when Working with a Lawyer - Negotiate Child Support and Visitation Agreements Includes ready-to-go forms with step-by-step Instructions, essential documents you need to: - End the Marriage and Start Fresh - Resolve Property Disputes - Calculate Child Support - Develop a Visitation Schedule --A And much more . . . "Their legal survival guides are dynamite and very readable." -Small Business Opportunities "Explaining the way the law works." -Daily

Herald "Sphinx [legal guides] are staples of legal how-to collections." -Library Journal "Takes you step-by-step through the process of divorce." -Money World Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your

children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today! A divorce can be the most painful and expensive experience of your life. Whether you use a lawyer or not, protect yourself by getting all the information you need about divorce laws and your legal rights. Let File Your Own Divorce help you get control over this stressful time of your life. Book jacket. Can you

pursue what you love to do naturally and earn a living from it in a tough world based on money where you're constantly being pushed to be a functional worker doing a mundane job? I'm not talking about being an artist, an actor, a model or professional athlete. These are pipe dreams for almost everybody and they're frivolous too. These entertainment fields don't add value to the economy or to people's real lives. Paintings, somebody doing a cute dance in a music video or people chasing a ball around add nothing to the practical needs of life like food, clothing, energy, transportation, etc. I'm talking about doing something useful that can be fun and interesting for you and earn you a living. This book is about earning and making money for self-starters, misfits, creative people, adventurers and travelers who either: don't know what to do to earn a living don't want to sell their souls for an artificial job in the system do not have the personality to work a regular job do not want to be around other people want to work anywhere in the world want adventure, novelty and new experiences There are two main ways for a free spirit to earn money: do my own thing as in self-employment work an interesting job The 68 volumes are as follows: Volume 1. A Get a Job Guide Volume 2. Some Career and College Ideas Volume 3. A Freelance-Remote Job Guide Volume 4. A Remote Job Guide Volume 5. Companies with Remote Jobs Volume 6. Fun Jobs in Cool Places 1 Volume 7. Fun Jobs in Cool Places 2 Volume 8. A Canada-United States Summer Job Guide Volume 9. Teach English as a Second Language Worldwide Volume 10. According to the Oral History Association, the term oral history refers to "a method of recording and preserving oral testimony" which results in a verbal document that is "made available in different forms to other users, researchers, and the public." Ordinarily such an academic process would seem to be far removed from legal challenges. Unfortunately this is not the case. While the field has not become a legal minefield, given its tremendous growth and increasing focus on contemporary topics, more legal troubles could well lie ahead if sound procedures are not put in place and periodically revisited. A Guide to Oral History and the Law is the definitive resource for all oral history practitioners. In clear, accessible language it thoroughly explains all of the major legal issues including legal release agreements, the protection of restricted interviews, the privacy torts (including defamation), copyright, the impact of the Internet, and the role of Institutional Review Boards (IRBs). The author accomplishes this by examining the most relevant court cases and citing examples of policies and procedures that oral history programs have used to avoid legal difficulties.

Neuenschwander's central focus throughout the book is on prevention rather than litigation. He underscores this approach by strongly emphasizing how close adherence to the Oral History Association's Principles and Best Practices provides the best foundation for developing sound legal policies. The book also provides more than a dozen sample legal release agreements that are applicable to a wide variety of situations. This volume is an essential one for all oral historians regardless of their interviewing focus. This cutting-edge volume offers a theoretical and applied introduction to the emerging legal technology and informatics industry. Everything you ever wanted to know about making a movie but were afraid to ask... Lights, camera, action! We all have at least one movie in us, and the amazing and affordable advances in digital technology makes it increasingly easy to make your dream a reality and share it with the world. *Filmmaking for Dummies* is your definitive guide to bringing a project to life, from the comedy antics of loveable pets to the deepest, most meaningful independent film. Bryan Michael Stoller is your friend and guide, sharing his knowledge gained over 100 productions (directing and working with Dan Aykroyd, James Earl-Jones, Barbra Streisand and Drew Barrymore, among others) to show you how to take your movie from the planning and storyboarding stage, through shooting and editing, to making it available to your adoring audiences through television broadcast, streaming online or in movie theaters. For the do-it-your-selfer, the book includes tips on how to finance your project, a look at the latest software and apps, including advancements in digital technology, and for the passionate director, advice on how to hire and work with your cast and crew and find great scenic locations. Whether you want to become a professional filmmaker

or just create great YouTube videos or nostalgic home movies, shooting with your smartphone or with consumer or pro-gear, this practical guide has it all. Learn how to compose your shots and when to move the camera Make the perfect pitch to sell your story Take advantage of helpful contacts and tons of new resources Get up-to-date on the latest and greatest digital technology Find the right distributor, or learn how you can be your own distributor! So, you really have no excuses to make your masterpiece. Get rolling with a copy of Filmmaking for Dummies today and start shooting for the stars!

Intellectual Property (IP) is often a company's single most valuable asset. And yet IP is hard to value, widely misunderstood and frequently under-exploited. IP accounts for an estimated \$5trn of GDP in the US alone. It covers patents, trademarks, domain names, copyrights, designs and trade secrets. Unsurprisingly, companies zealously guard their own ideas and challenge the IP of others. Damages arising from infringements have fostered a sizeable claims industry. But IP law is complex, and the business, financial and legal issues around it are difficult to navigate. Court decisions and interpretation of IP laws can be unpredictable, and can dramatically change the fortunes of businesses that rely on their IP – as demonstrated in the pharmaceutical industry's battle with generic drugs. This comprehensive guide to intellectual property will help companies, investors, and creative thinkers understand the scope and nature of IP issues, pose the right questions to their advisers and maximize the value from this crucial intangible asset. Owning a business is always a gamble. But no one wants to bet their soul - especially when they're looking for funding. Too often, playing the funding game feels more like life and death than business as usual. This book will teach you how to stack the

deck in your favor with three simple steps: • Know what you're worth, • Know what the different types of money people (the Suits) want, • Only look for funding at tables where you've got an amazing hand! You'll how to make the most of the time you spend searching for funding by using every business owner's ace in the hole: The best way to attract funding is to build your business into a good investment. Instead of letting the funding search become a distraction, you'll learn which cards to play that will improve your Finance-Ability and grow your business at the same time. Because great gamblers only take risks they understand -and they never bet more than they can afford. "AICPA Personal Financial Planning Section." This new handbook, written in English, illustrates the current state as well as future developments of the digital transformation on the legal market. It thereby gives an overview of the legal tech field worldwide as well as examples of its application in order to show how and to which extent automatized workflows, artificial intelligence (AI), automatized generation of documents and contract management in law firms and companies are in use even today. This book, in its first part originally written for Germany and German speaking countries, now also exemplifies the development of legal tech in numerous jurisdictions, including the USA, Europe, Russia, China and Australia. A third section is devoted to future developments, including smart contracts, block chain, AI, and publishers as legal service providers. More than 50 authors from all over the globe have contributed to this unique book. Particularly helpful: up-to-date examples show how legal tech is already in use in various fields of application in the context of jurisprudence. Save the hassle of filing a full-blown patent application—and save your place in line at the U.S. Patent and Trademark Office—with

this comprehensive guide to the provisional patent application process. Patent Pending in 24 Hours gives you all the forms, instructions, and insider tips you'll need to get the job done The microbusiness is huge! That's not just a play on words but an indisputable fact that millions of budding entrepreneurs have already figured out. On top of adding to their income and creating safety nets in case the ax falls at work, they have been able to unlock their creativity and find a sense of fulfillment they never dreamed possible--or rather day-dreamed possible from their uninspiring cubicle. In The Economy of You, author and microbusiness owner herself Kimberly Palmer illuminates the everyday faces behind this growing movement, starting with her own journey. Readers will meet a deli employee who makes custom cakes at night, an instrument repairman who sells voice-overs on his website, a videographer who started a profitable publishing house on the side, and many other inspirational examples of those who have discovered how to turn their joys and hobbies into a profitable microbusiness. Interwoven in the profiles are concrete guidelines for readers looking to launch rewarding businesses of their own, including:

- Tips for figuring out the ideal side gig
- Ideas for keeping start-up costs low
- Advice on juggling a fledgling enterprise and a full-time job
- Branding and marketing basics that bring results
- When and what to offer for free
- And much more

Your employer can guarantee nothing but today's wages. It's up to YOU to build real financial stability. It's empowering, gratifying, and now easy to do with The Economy of You. Raise startup capital quickly. Raising startup funding from friends and family is the number one resource startup founders engage to get their ventures off the ground. This guide details all of the common friends and family funding

structures, including simple loans, profit sharing agreements, equity deals, and convertible notes. Structure deals correctly. Getting the money in the bank is a big step, but doing it the right way matters even more. This book provides easy to follow guidance for choosing and documenting the best funding structures for both your startup and your funding partners. As an added bonus, a promissory loan example is provided, with blow by blow details of each clause. Hone your Friends and Family pitch. Additional sections provide concise information to help you prepare a compelling funding pitch, as well as explaining how to document your estimations of the market and financial feasibility of your early-stage startup. Founder's Pocket Guide: Friends and Family Funding guides founders through topics such as:

- Structuring a simple startup loan with friends and family lenders.
- Using convertible debt to entice friends and family to invest in your startup.
- Learning the most important considerations for issuing stock to friends or family members.
- Understanding the legal limits of raising startup capital from friends and family.
- Keeping early funding rounds clean for later stage investors such as angels and VCs.
- Using profit sharing to rewarding friends and family investors for backing your startup.

The focus of this manual is not what provisions to include in a given contract, but instead how to express those provisions in prose that is free of the problems that often afflict contracts. Offers techniques and strategies for increasing income while cutting work time in half, and includes advice for leading a more fulfilling life. The United Nations Convention on the Rights of Persons with Disabilities (CRPD) recognized that people with disabilities should have the right to exercise their legal capacity and identified 'supported decision-making' as a means by which people with disabilities can be

directly involved in decisions that impact their lives. Offering an overview of its emergence in the disability field and highlighting emerging research, theory, and practice from legal, psychology, education, and health fields, this volume provides a much-needed theoretical and evidence base for supported decision-making. Evidence and strengths-based frameworks for understanding disability, supports, and their roles in promoting supported decision-making are synthesized. The authors describe the application of a social-ecological approach to supported decision-making, and focus on implications for building systems of supports based on current environmental demands. This volume introduces and explains empirical research on critical elements of supported decision-making and the applications of supported decision-making that enhance outcomes, including self-determination and quality of life. This practical guide clearly outlines the steps involved in obtaining an uncontested divorce in Minnesota, but at the same time can serve as a valuable resource for those who have determined that using an attorney is in their best interest. Includes blank tear-out forms and instructions. How to form a Texas limited liability company (LLC). This collection explores developments in the regulation of legal services by examining the control of the markets in several key countries and in jurisdictions within countries. The contributions consider emerging adjustments in regulatory structures and methods; examine the continuing role, if any, of professionals and how this may be changing; and speculate on the future of legal services regulation in each jurisdiction. The introductory and concluding chapters draw together similarities, differences and conclusions regarding directions of change in the regulation of legal services. They consider the emergence of alternatives to

professionalism as a means of regulating legal services and some implications for the rule of law. "Dead on Arrival: Avoiding the Legal Mistakes That Could Kill Your Start-Up takes you through the legal mistakes that start-up companies and their lawyers make on their way to success and how to avoid making those mistakes. Some of these missteps can be rectified, but many will result in your start-up company being Dead on Arrival when it looks for financing or acquisition opportunities. Know what those mistakes are and how to avoid falling victim to the blunders that cause companies to fail. This book is a must read for every start-up entrepreneur and lawyer in the start-up space"--Unedited summary from book cover. The tenth book in the series provides firsthand accounts of the author's startup companies, what he learned from his successes and failures, and other topics a reader needs to know in order to start a company and quickly develop it. Asset Protection in Florida covers all facets of asset preservation for Florida residents. The Fourth Edition manual provides comprehensive analysis of the many steps available to protect assets from creditors' claims, both during your lifetime and at death. Among the many topics covered are homestead, trusts (both domestic and offshore), business planning, planning for dissolution of marriage, protection of retirement and education accounts, and the ethical aspects of advising clients on asset protection issues. Bankruptcy issues and tax planning are prominently featured throughout the text. The eBook versions of this title feature links to Lexis Advance for further legal research options. "The section on testing your new business concept is unlike anything in any other book on start-ups. How much is it worth to know that your new business is something your customers will want--before you invest in it?" --Pat

Cunningham, Wall Street Journal Advertising Advisor and former Vice Chairman, N. W. Ayer Global Advertising Agency "Start-Up Smarts is an explosive work of ten powerful, practical steps that lay out reality." --Dr. Jeffrey Magee, Publisher, Performance Magazine To make sure your start-up succeeds in the most profitable way, you need to plan and prepare your way to prosperity. This means learning the secrets of successful entrepreneurs--from knowing whom to trust to adapting in a changing marketplace. Start-up specialists and thriving business owners Barry H. Cohen and Michael Rybarski reveal the critical keys to getting your new business up and running a profit, including how to: Create a Flexible Business Plan Find Out What Your Customers Really Want Capitalize on the Right Trends Hire the Best People Choose the Most Lucrative Partners Complete with real-life success stories from first-time entrepreneurs and the best businesses to start right now, Start-Up Smarts guarantees your new business will prosper in any market! 10 Legal Basics for Producing a Feature Film or Documentary describes the major legal documentaries you need to produce a feature-length film or documentary. It covers the basics of getting a fictitious name, filing for a copyright, obtaining E&O and other types of insurance, creating release forms for actors, interviewees, crew members, and other film participants, and more. The book is formatted like a journal, so readers can write down their ideas for what to do after reading each tip. The book is part of a series of short books, in which each book features tips and techniques for becoming more successful in the film industry. GINI GRAHAM SCOTT, PhD is a screenplay writer, indie film producer, and TV game/reality show developer, plus a nonfiction writer who has published over 200 books, 50 for traditional

publishers and 150 for her own company Changemakers Publishing. She also writes, reviews, and ghostwrites scripts and books for clients. She has written scripts for 20 feature films and has written and executive produced 10 films and TV projects. A divorce can be the most painful and expensive experience of your life.
