Children, Families, and Government Apr 06 2021 Children, Families, and Government: Preparing for the Twenty-first Century analyses the relationship between child development research and the design and implementation of social policy concerning children and families. This book is both timely and enduring; perennially important issues like health care, welfare reform, and drug abuse, are addressed in a context that enables the reader to relate current events to the theories and foundations on which policies are based. It highlights state of the art research and reforms to specify policy areas affecting children and families.

Psychology Feb 04 2021 Based on the extensively revised Santrock's Psychology 6e, Psychology Brief Edition" is a highly readable, practical and research oriented introduction to the discipline. The Brief Edition was developed to satisfy the demand for a shorter text that could easily be covered in one semester. Chapters were rewritten to maintain the continuity and pedagogy that has made Santrock a student and market favorite. Memory, Language, and Intelligence have been combined to form one cohesive chapter and the health psychology and statistics coverage has been moved into an appendix. Santrock provides faculty and students with the most relevant introduction to psychology available, no other Introductory text provides a better balance of research vs. pedagogy, content vs. applications, depth vs. breadth, and theoretical vs. practical information. All of this is presented in the clearly understandable and straightforward prose that Santrock is renowned for and in a highly visual design that is pedagogically sound and engaging without being distracting.

Essentials of Life-Span Development Jun 08 2021 Why are you assigning or considering a brief Human Development text? Is it because your students do not complete the reading in a comprehensive text? Do you run out of time trying to cover the entire lifespan over the course of a few months? Do your students struggle to retain the sheer volume of information in the course? Instructors across the country, looking for a streamlined text that captures the core concepts of life-span development are excited for John Santrock's Essentials of Life-Span Development, 3e. Essentials of Life-Span Development 3e was developed to help meet the ever-changing needs of students in the lifespan course. Knowing that students do not often read the text and have poor study skills, Essentials introduces LearnSmart, McGraw-Hill's adaptive study tool, that helps students know what they know, and more importantly what they don't know, to become more efficient and effective learners. Based on hallmark features: its expert contributors, updated research, and focus on applications, Santrock provides the most dependable and current presentation of life-span development available, and he does so in a briefer format with LearnSmart, helping to ensure that your students will read and appreciate the material while seeing the applications to their everyday life. McGraw-Hill's new Milestones video and

assessment program helps bring the course material to life, so your students can witness development as it unfolds.
