HOW TO QUILL LIKE A PRO Paper quilling, also known as paper filigree, is the craft of rolling strips of paper and gluing them onto a surface to create an intricate three-dimensional piece of artwork. The quilled strips of paper can be glued on to a thick piece of cardstock or canvas. It can also be pasted onto three-dimensional objects like boxes or used to make jewelry. Paper quilling is becoming an extremely popular hobby among paper crafters, but it is not a new art form by any means. Only a few supplies are needed to get started with this hobby. You can purchase the paper strips pre-cut or even cut them yourself if you have a lot of the correct type of paper lying around (like me, who likes to hoard craft supplies!). It's super easy! You can use a quilling tool to help you coil the strips into shapes. These shapes are arranged to create beautiful pieces of art. Popular subject matters include flowers and typography enhanced by extra flourishes. **GET YOURS NOW...** to learn how to make different paper quilling projects like a pro... **CLICK BUY NOW...**
