The fifth edition of Ewan McKendrick's *Contract Law: Text, Cases, and Materials* provides a complete guide to the subject in a single volume, containing everything needed for the study of contract law at undergraduate level. Written by an experienced author and leading authority in the field, this is a popular text with students and lecturers alike. The book comprises a unique balance of 40% text to 60% cases and materials, combining the best features of a textbook with those of a traditional casebook. The author's clear explanations and analyses of the law provide invaluable support to students, while the extracts from cases and materials promote the development of essential case reading skills and allow for a more detailed appreciation of the practical workings of the law, and of the best legal scholarship. Employment law is one of the fastest moving areas in the law, with statutory changes, European decisions and new cases changing the detail very rapidly. This book steers the student through the complexities providing summary points at the end of each chapter as well as exercises and additional reading. The fourth edition has been fully updated to cover changes in the field. The second edition of a major text provides a thorough exploration of medical law and ethics, written from the perspective of authors who are medical and health care practitioners as well as law lecturers. This unique combination of academic knowledge and professional experience provides a unique perspective through which the subject is examined with academic rigour underpinned by practical insights. The text features an innovative series of scenarios threaded through each chapter to illustrate the practical realities behind the rules and concepts discussed. The format also includes mind maps, key terms, end of chapter summaries, self-test exercises and suggestions for further reading. 'Land Law' provides a clear and straightforward introduction to the basic English land law rules enabling the student to gain a firm grounding in the subject. A long awaited new edition of this popular textbook which provides an accessible introduction covering the basic principles of the law of torts as well as directing the reader towards the complexities of the subject and its relationship with society. Landlord and Tenant Law provides a concise introduction to the complex area of Landlord and Tenant Law. The book contains summaries, exercises and workshops to help the reader to make sense of the subject. Land Law provides a clear and straightforward introduction to the basic English land law rules enabling the student to gain a firm grounding in the subject. It uses accessible language, tables and diagrams, and stresses a full understanding of a few important cases rather than a superficial understanding of many. Ample practice and revision material is provided. This fifth edition includes the Land Registration Act 2002 and considers the move towards electronic conveyancing. It also looks at developments in law on adverse possession and on undue influence, with a section on the rules relating to commonhold. This text aims to provide a comprehensive exposition of the law relating to landlord and tenant. It covers the characteristics of different types of lease, the obligations implied on behalf of the landlord and tenant, the effects of covenants in leases and different types of tenancies. What is justice? Is there a duty to obey a law even it is unjust? This book tackles questions like these and explains some of the answers which legal theorists have given from ancient Greece to the present day. A fully revised and updated edition of Jonathan Herring's engaging and ever-popular introduction to criminal law. Constitutional and Administrative Law provides a comprehensive and very readable introduction to the basic legal principles of the UK constitution. Critical yet accessible, the book places the law in the context of the main political ideas which have influenced its development and discusses some of the most fundamental questions about government. New features of the fifth edition include coverage of the Constitutional Reform Bill, recent emergency and anti-terrorism legislation, expanded coverage of judicial review, and a new chapter on the separation of powers. In addition, new 'Key Notes' are included at the start of each chapter to identify important themes. A thorough and accessible introduction to the basic legal principles of the UK constitution. This ninth edition has been fully updated to reflect latest developments. This text provides an introduction to criminal law. It includes discussion of important case law developments in the law of provocation, consent, conspiracy and duress, and also discusses the Law Commission's proposals on the law of murder. With its real-world business-orientated approach, Business Law has been fully updated in line with the Companies Act 2006, and also streamlined to address the needs of today's student of this fascinating and fast-moving subject. Providing a salient introduction to law in a business context, this is a valuable learning companion. This best-selling, classic text provides a clear and straightforward account of the basic rules of contract law, while also introducing current debates about the nature, scope and functions of the law and discussing wider controversies surrounding the basic doctrines. Praised time and again by both lecturers and students, Contract Law is compact yet comprehensive, well-written, well-structured, stimulating and engaging. This new eleventh edition has been fully revised and updated to reflect recent changes in the law. It is essential reading for all students taking undergraduate and GDL/CPE courses in contract law. The Palgrave Macmillan Law Masters series is a long-running and successful list of titles offering clear, concise and authoritative guides to the main subject areas, written by experienced and respected authors. This ninth edition of Legal Method provides a lively introduction to the nature of the English legal system and its sources, and to the techniques which lawyers use when handling those sources. The text assumes no prior knowledge and makes its content accessible by clarity of expression rather than by dilution of content. In addition to more conventional sources, writers as varied as Jonathan Swift, Alexander

Pope and T. S. Eliot are cited. This is an ideal course companion for both law undergraduate and GDL/CPE students. Includes end of chapter summaries and self-test exercises. A new and fully revised edition of Josephine Shaw's highly successful European Community Law (1993). This volume concentrates on the institutional framework, and on delivering a clear introductory text on the fundamental constitutional principles and basic substantive law of the EU which has serious critical 'bite'. The new edition of this popular textbook offers an in-depth analysis of the legal framework in which companies operate. Updated with the latest developments in law and case-law, it goes beyond black letter analysis to explain important concepts such as corporate governance and multinational corporations in an international context. Logically structured, the writers' clear writing style help students understand this complex area of the law. Ideal for students taking a module in company law, the book includes learning resources throughout such as key terms and concepts, helpful summaries for each chapter, case notes and suggestions for further reading. Informative end-of-chapter summaries and exercises act as a useful refresher. New to this Edition: - Includes latest case law - Up-to-date material on directors'/ duties and derivative claims - More material on corporate governance issues This book offers students a firm understanding of the central doctrines and the controversies associated with them. Presenting a unique balance of 1/3 text to 2/3 cases and materials, the book can be used both as a stand alone text or as a companion volume to a textbook. Comprehensive coverage is presented in a logical structure that maps closely onto courses and stimulating commentary is delivered through detailed introductions, extract notes and extensive comments within each chapter. Extended extracts illustrate points clearly and promote the essential skills of case-reading, encouraging more detailed analysis of salient points, while analysis of key academic commentaries on issues of controversy, contract clauses etc is also included to provide a well-rounded discussion. Extracts from materials such as the Principles of European Contract Law and the UNIDROIT Principles for International Commercial Contracts are incorporated throughout to provide a useful point of comparison with English Law - encouraging critical reflection upon the state of the English system and illustrating how the law of contract is regarded in other jurisdictions. Specimen clauses are also cited to demonstrate some of the practical problems that confront both businessmen and lawyers, offering students working examples of complex issues. Questions are placed at key points throughout the text to encourage further consideration and reflection of complex or controversial issues, while extensive referencing promotes further research. Written in a familiar and engaging style, this book offers a thought-provoking and well-balanced argument aimed squarely at undergraduates. Online Resource Centre: DT Critical summaries DT Web-links DT Extra cases and materials DT Recent updates Test bank: DT 150 multiple choice questions with answers and feedback A clear and rigorous introduction to the fascinating area of sports law, providing a solid grasp of the necessary legal principles and examining the way that the law has become a means of regulating modern sport at both the professional and amateur levels. From DNA profiling to consideration of the accused's previous conduct, the law of evidence is a fascinating amalgam of logic, common sense, philosophy and tactics. Evidence explains the fundamentals and looks at the principles behind it. It is aimed at satisfying the needs of undergraduates, LPC and BVC students. This textbook is a comprehensive and accessible guide to Trusts Law and has been thoroughly updated to reflect recent developments in the area. The authors bring a unique combination of academic rigour and hands-on commercial experience to the explanation of their subject and it is these practical insights which make the book essential reading for all law students. Many law students struggle with the concept of Trusts Law and it can take time to properly understand the complex body of rules that surround it. This book will help demystify some of these rules and put Trusts Law into a practical context, allowing students the time to develop a deep and critical understanding of the topic. This book is an ideal companion for both law undergraduate and GDL/CPE students. New to this Edition: - A new chapter on creating a trust The revised third edition of this text provides an account of the constitutional principles and legal institutions of the European Union. The accessible style makes the book suitable not only for first year undergraduates but also for A level students and non-law undergraduates. Landlord and Tenant Law contains summaries, exercises and workshops to help the reader to make sense of a complex area of Law. This is an extensively revised fifth edition of this popular text, particularly in terms of its coverage of the effects of covenants in leases and also in an expanded section on business tenancies. Assuming no prior knowledge of philosophy, Legal Theory examines the relationship between law and morality, and places particular emphasis on matters of contemporary debate, such as assisted suicide and animal rights. --Book Jacket. Part of Macmillan's series of law books, this text is intended for law undergraduates. It provides an introduction to conveyancing and the laws which apply to it. Other titles in the series include "Basic English Law", "Company Accounts", "Criminal Law" and "Personnel Administration". McKendrick provides an excellent, readable guide to contract law for those embarking on a first degree or conversion course in law. The book contains all the key information as well as more complex issues to serve as a valuable course companion, but equally to aid revision in preparation for exams. Social Security Law is an up-to-date, critical, yet authoritative account of the British social security system and its legal framework. It sets out the principal features of the main social benefits, giving a detailed exposition of the legal basis of entitlement to each benefit. It then takes the reader several steps further in placing the understanding of social security law into its wider social, political, historical and European context. Why do some rules have the status of law while others do not? Is law simply a matter of rules anyway? What is justice? Is there a duty to obey a law even if it is unjust? Should the law concern itself with the activities of consenting adults in private? This work asks questions such as these and explains some of the answers which legal theorists have given, from Ancient Greece to the present day. Written in a readable style, this book aims to make intrinsically difficult material accessible and interesting. The Palgrave Law Masters series is a long-established list of titles providing clear, concise and authoritative guides to the main subject areas, written by experienced and respected authors. This sixth edition of Intellectual Property Law has been thoroughly updated to reflect the recent developments in this intricate and technical area of commercial law. All key aspects of the topic are covered, including copyright, designs, patents, trade marks, passing off and breach of confidence. With backgrounds in both academic teaching and top legal practice, the author team combines to produce a work which is both intellectually stimulating and highly practical. The new edition includes a new expanded section on privacy. The book is an ideal course companion for undergraduates and postgraduates on law and business-related courses. It is also a useful reference for company secretaries, in-house lawyers and contracts managers. Company Law is a complete and accessible guide to the legal framework in which companies operate. Logically structured and with a readable style, the text includes helpful summaries for each chapter, along with case notes. This new edition has been thoroughly revised and updated and is presented with new livery and new two-colour text. This book examines the main issues arising in economic analysis of contract law with special attention given to the incomplete contracts. It discusses both the

main features of contract law as they relate to the problem of economic exchange, and how the relevant legal rules and the institutions can be analysed from an economic perspective. Evaluate the welfare impacts, analyses the effects and the desirability of different breach remedies and examines the optimal incentive structure of party-designed liquidated damages under the different dimensions of informational asymmetry. Overall the book aims to contribute to the legal debate over the adoption of the specific breach remedies when the breach victim's expectation interest is difficult to assess, and to the debate over courts' reluctance to implement large penalties in the event of breach of contracts. A clear introduction to land law, using accessible language and a broad range of features to reinforce understanding of the key cases and concepts. This new edition has been comprehensively revised and will be supported by an innovative and useful companion website.
