Is he really a prince? Her heart is being torn apart by the mystery surrounding the royal family... Serena Cordeaux, a security advisor to the monarch of Carramer, is given a secret mission to look

for Garth Remy, a lone wolf who excelled at sports during high school. He's the boy she had a crush on, and Serena is shocked to hear that he may be a member of the royal family. Ordered to bring him to the palace, she sees that Garth has become an attractive, mature man. She hides her feelings for him as they work together to unravel the mystery surrounding the royal family... FATHER... John Colton had searched a lifetime for the sense of belonging he'd never had. And now a secret son signaled the end of his elusive pursuit. LOVER... But what of Laura Bishop, the sensitive beauty who'd also entered his world, penetrating his barriers with no more than a willingness to listen, to understand...to warm his soul—and his bed? PRINCE... Then his lover revealed her bombshell: He was a king's son, long denied his heritage, and she was in the royal employ. A one-time mercenary, Jogn didn't trust—or love—easily. Dare he let down his guard to become all he'd been destined to be: father, lover, prince...husband? BIOGRAPHY OF KING CHARLES III, BY SUNDAY TIMES BESTSELLING AUTHOR ROBERT JOBSON, PUBLISHED ON THE EVE OF THE CORONATION 'To Charles, being monarch has nothing to do with power - he believes his role is to lead. It is up to others whether they choose to follow.' When Her Majesty Queen Elizabeth II died in September 2022, it sent shockwaves around the world. The longest reigning and oldest monarch, at ninety-six years of age, she had just publicly celebrated her Platinum Jubilee in June 2022. The Queen's death meant the passing of the Crown to her son, HRH Charles, Prince of Wales, her controversial, earnest, and outspoken heir, who had long lived in the shadow of her mystique. King Charles III's own life has been marred by scandal and myth, but who is the real man behind the Crown? In this revelatory book, renowned royal correspondent and author Robert Jobson examines the life of our new King, and his passions, purpose, and motivations. On the eve of his landmark coronation, Our King considers the life of the man and the monarch, reflecting on how his values and beliefs will shape him as he takes on this monumental role. Excerpt from *George III as Man, Monarch and Statesman* After all, it is as our King, as the wise and able and virtuous sovereign in whose name the British forefathers of Canada went forth into the wilder ness, and for whom they endured contumely and sacrifices, that Canadians should regard the figure of George. From this standpoint I have regarded him in these pages. Democracy has, with many, come to have an evil sound, as the resort of the unkempt in thought as well as in body and estate, but if a true and decent democracy has preserved any admiration for honesty, vigour, sincerity, and consistency it may yet find something to admire in George the Third as monarch of a free people, and even when divested of the ornaments and symbols of the kingly office it scrutinises him as man and as statesman. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Prince William, Duke of Cambridge, is destined one day to be king. Determined to serve his country as his grandmother, the Queen has so selflessly done for seven decades, William is the epitome of a loving husband to Catherine, and a devoted father to their three children: George, Charlotte and Louis. In public, William appears calm, balanced and determined. He is passionate about safeguarding the environment and helping to protect species under threat of extinction. The Duke and his wife have also worked tirelessly to remove the stigma that continues to mark mental health problems. In

private, however, those close to him say that William, while being a dedicated servant of the Crown can defy his calm, family-guy public demeanour. This is the definitive account - insightful and nuanced - of the life of the Duke of Cambridge as he approaches his milestone birthday. Jobson explores the complex character of the man who will one day reign as King William V. It is the story of the making of a king for our times. THE STORY OF THE MAKING OF A MONARCH FOR THE TWENTY-FIRST CENTURY. The first ever an engaged novelized classical biography of King Ashoka belonged to 3rd Century B.C.E. He was proved on record the first monarch who abandoned warfare after victory. Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. In Mark Sullivan's Thief, Robin Monarch is a man with a complicated past and dangerous present. He's been a soldier, a CIA agent, a freelance operative but first and foremost, Robin Monarch is a thief of the highest order. Orphaned at twelve, Monarch originally stole for survival, then he stole for his friends and cohorts, now he steals to order, and to give back to the to the woman who saved his life many years ago. With the help of his team, Monarch breaks into the legendary Christmas party of Beau Arsenault, a shady investor and behind-the-scenes player at the very highest levels of power politics. Arsenault is not above bending or breaking the rules if there's illicit profit to be made. Monarch has decided that those illicit profits will be better used to take care of orphans and street kids. Using the party as cover to break into Arsenault's secret vaults, Monarch comes away with two unexpected things. One is a bullet—he gets shot when he's caught trying to

escape with tens of millions of negotiable instruments. The second is a lead on what might be his most audacious exploit ever. A previously undiscovered tribe in South America may well have the secret to the most sought after knowledge in history—that of eternal life. And Robin Monarch must use all his skills—as an operative, as a thief—to keep this secret from falling into the worst possible hands. A bestselling author finds the real person behind the royal mask worn by the Queen of England, just in time for her 50th anniversary on the throne. Three 16-page photo inserts in b&w and color. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. On the eve of his landmark coronation, Our King considers the life of the man and the monarch, reflecting on how his values and beliefs will shape him as he takes on this monumental role. EditBuild Excerpt from King Edward VII as a Man and Monarch: A Memorial Address Puritans and Cavaliers, there was engendered an estrangement which continued to a certain extent for over a century, as the heritage of a family feud; and there have been occasions when this estrangement blazed forth into demonstrations of actual hostility. The original quarrel was that of English man against Englishman -

of the refusal of the stay-at-home brother to concede to the brother who had come across the seas to found a new England the rights and privileges which were undisputably his in the old Mother Land: - that there should be no taxation without representation. It was the proverbial story of a family quarrel - which is notoriously generally more bitter than one between strangers; and for centuries the race had established a reputation not only of being splendid fighters, but of being self-opinionated and stiff-necked; and once having taken up a quarrel, these British and American kinsmen - both of the same blood and of the same ideas of liberty - not only stubbornly fought it out, but neither side was in a particular hurry to fall over the neck of the other and pretend that they were as long-lost brothers. Then, each was too busy with his own affairs to bother much about matters of sentiment outside concerns of present moment. The American had a wilderness more than the third of a Continent - to subdue; the Britisher went forth and commenced anew to build up his Empire, - and, contrary to prophecies when the American colonies established their independence, the British acquired over a far greater extent of territory than in the fateful year of 1776. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works." Aidan McInnis, a young, straight-laced pilot from Boston likes structure, so he is woefully unprepared when a series of personal upheavals deposits him in the heart of unconventional and uninhibited Key West, Florida. As his new life evolves to be

increasingly bizarre and unpredictable, he finds an improbable mentor in the eccentric, self-styled Monarch of the Conch Republic, Louie Robideau. Over the course of a year, Louie and a colorful cast of locals help Aidan grow past the man he was raised to be and into the man he always wanted to be. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. A brief account of the life of that complex personality, King Henry VIII of England. An exhaustive and revealing biography of Britain's new monarch, King Charles III, with fresh reporting by the journalist the Wall Street Journal dubbed "the Godfather of royal reporting." With exclusive interviews and extensive research, King Charles delivers definitive insight into the extraordinary life of His Royal Highness, former Prince of Wales, as he takes the throne, a watershed moment in modern history and in the British monarchy. New York Times bestselling author Robert Jobson debunks the myths about the man who became king, going beyond banal, bogus media caricatures of Charles to tell his true story. Jobson—who has spent nearly thirty years chronicling the House of

Windsor, and has met Charles on countless occasions—received unprecedented cooperation from Clarence House, what was the Prince’s office, in writing this illuminating biography. King Charles divulges the full range of Charles’s profoundly held political beliefs: the United Kingdom’s special relationship to the United States, climate change, Brexit, and immigration—to ultimately portray the kind of monarch Charles III will be. Jobson taps a number of sources close to the now-King who have never spoken on the record before, plus members of the Royal Household who have served Charles during his decades of public life. This comprehensive profile also reveals the late Queen Elizabeth’s plans to transition Charles to the throne; how at her insistence he already reads all government briefings; and why he feels it is his constitutional duty to relay his thoughts to ministers in his controversial “black spider memos.” Moreover, King Charles reveals the truth about Charles’s deeply loving but occasionally volatile relationship with his second wife and chief supporter, Camilla. The result is an intriguing new portrait of a man who at last has become king.

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing’s books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if

necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates. NEW YORK TIMES

**BESTSELLER** • Perfect for fans of *The Crown*, this magisterial biography of Queen Elizabeth II is a close-up view of the woman we've known only from a distance—and a captivating window into the last great monarchy. From the moment of her ascension to the throne in 1952 at the age of twenty-five, Queen Elizabeth II has been the object of unparalleled scrutiny. But through the fog of glamour and gossip, how well do we really know the world's most famous monarch? Drawing on numerous interviews and never-before-revealed documents, acclaimed biographer Sally Bedell Smith pulls back the curtain to show in intimate detail the public and private lives of Queen Elizabeth II, who has led her country and Commonwealth through the wars and upheavals of the last sixty years with unparalleled composure, intelligence, and grace. In *Elizabeth the Queen*, we meet the young girl who suddenly becomes “heiress presumptive” when her uncle abdicates the throne. We meet the thirteen-year-old Lilibet as she falls in love with a young navy cadet named Philip and becomes determined to marry him, even though her parents prefer wealthier English aristocrats. We see the teenage Lilibet repairing army trucks during World War II and standing with Winston Churchill on the balcony of Buckingham Palace on V-E Day. We see the young Queen struggling to balance the demands of her job with her role as the mother of two young children. Sally Bedell Smith brings us

inside the palace doors and into the Queen's daily routines—the “red boxes” of documents she reviews each day, the weekly meetings she has had with twelve prime ministers, her physically demanding tours abroad, and the constant scrutiny of the press—as well as her personal relationships: with Prince Philip, her husband of sixty-four years and the love of her life; her children and their often-disastrous marriages; her grandchildren and friends. Praise for Elizabeth the Queen “An excellent, all-embracing new biography.”—The New York Times “[An] imposing, yet nimbly written, biography [that] dwarfs the field . . . a most satisfying and enjoyable read, one to be savored at length.”—Minneapolis Star Tribune “Fascinating . . . After sixty years on the throne, the monarch of Britain is better known for her poker face than for sly wit or easy charm. Yet in biographer Sally Bedell Smith's Elizabeth the Queen, Her Majesty sparkles with both.”—More “[A] smart and satisfying book.”—Los Angeles Times

The year 2009 marks the 500th anniversary of Henry VIII's accession to the throne, and to celebrate this momentous occasion, leading Tudor scholars David Starkey and Susan Doran examine the extraordinary transformations—personal and political, intellectual and religious, literary, aesthetic, and linguistic—that took place during Henry's reign. Drawing on the British Library's unparalleled collections, Henry VIII explores the motives and beliefs that spurred Henry's actions, masterfully telling the story of his reign. This refreshing approach reaches beyond the myths and stereotypes surrounding this monumental historical figure and encourages readers to reassess their perceptions of the great Tudor monarch who still manages to cast a spell over our imaginations. Richly illustrated with color images from the accompanying exhibition at the British Library—including many of Henry's own annotated volumes—and including contributions from notable scholars such as Eamon Duffy and James Carley, this volume presents an unsurpassed firsthand outline of the revolutionary changes in ideas that took place during Henry's

reign—and above all, in his own mind. This book is about the story of a young man who gradually grows old, but in the process goes through a series of emotions from one extreme to the other. Because of his stint in the Vietnam War, where he almost died, he is unable to recover to a state of normalcy throughout his lifetime because of guilt, depression, and nightmares. He believes God will never forgive him for killing people in the Vietnam War. He keeps seeing a certain Vietnamese man he killed, over and over. The ghost shows up at different times but the nightmares are always constant. He even experiences other unexplainable spirits. Everywhere he goes ghosts are present whether it is in Vietnam, Europe, Mexico or Texas. He searches everywhere to find his reason for living and why he exists, even into his family ancestry. However, because of his love for nature, and the Monarch butterfly, his life starts to have meaning, in his old age. He believes the butterfly saved his life in Vietnam, and after losing his wife and in a deep state of loneliness, he looks to the Monarch to bring him out of the brink of total disaster. The definitive biography of King Charles III. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations.
