Being the Presence of Christ presents a compelling and unifying vision of the Christian life. As human beings, we can be expressions of the living Christ. Commitment to that continuing embodiment and incarnation of Jesus Christ-individually and in community-generates personal, social, and global transformation. Book jacket. An observer, storyteller, and lover of whales gathers the most compelling contemporary essays on cetaceans by both marine scientists and nature writers, including Diane Ackerman, Barry Lopez, Farley Mowat, Faith McNulty, and Jonathan White, in a stunning new anthology that celebrates our ongoing fascination with these fragile giants. The true story of American missionaries Martin and Gracia Burnham's year as

hostages in the Philippine jungle. To seek and find God is everything. In his forty-three years of seeking after God, Francis Frangipane has learned one simple (yet essential) truth? It is in seeking God, that we actually find Him. The deliberate movement of our hearts toward God leads us into far more than a simple answer to our need?it leads us straight to Him. We discover God to be an ally whose wisdom is all encompassing and whose power can transform all things with just one look. In *I Will Be Found by You* he shares a collection of some of his best writings on the topic?both old and new?to reveal the key to seeking God and possessing a heart after God?the key that unlocks everything important. "He does not ask much of us, merely a thought of Him from time to time, a little act of adoration, sometimes to ask for His grace, sometimes to offer Him your sufferings, at other times to thank Him for the graces, past and present, He has bestowed on you, in the midst of your troubles to take solace in Him as often as you can. Lift up your heart to Him during your meals and in company; the least little remembrance will always be the most pleasing to Him. One need not cry out very loudly; He is nearer to us than we think." "A collection of the work of images centered on the theme of reading and books by Northwest artist Deborah DeWit Marchant with an introduction and text by Northwest poet Kim Stafford"--Provided by publisher. "Come to Me" (Matthew 11:28). "Abide in Me" (John 15:4). These callings have echoed down through the centuries and beckoned countless Christians into a deeper inner life, a life in the presence of the Lord Himself. In this book, Titus Chu seeks to enrich each reader's inner life with the Lord through a consideration of four crucial items: who the Lord is, how the Lord has flowed Himself out, means by which we may approach the Lord, and how our oneness with the Lord is manifested. Therefore, this book contains not only spiritual inspirations but also revelations and some means of practice. To fellowship with the Lord is not a mysterious or strange meditation. There are some ways we can practice. Every Christian has the Bible in hand and the Spirit dwelling within, but the inner life also requires the revelation of the Word and ways of practice. With both inner revelation and outward practice, we may come to the Lord and abide under the shadow of the Almighty, be saturated with the teaching of the anointing, realize the secret of the Lord, and manifest oneness with Him. This book shows this precious foundation of a Christian's lifelong journey and the highest privilege we have as believers. Yes, come to the presence of the Lord! The presence of God represents a radiation or refraction of God's glory. It is the manifest touch that comes when the glory of God is radiated in a particular place. The presence is not the glory but the radiation or refraction of that glory. It is a signal that God is in the house. Basically, the anointing of God is a manifestation of the power of God while the glory of God is a manifestation of His attributes. However, the power of God and the presence of God are inseparable because God does not demonstrate His power without His presence. The power of God is displayed through manifestation but the presence comes with the glory. In the absence of a manifestation, there is no power but the presence can come without a manifestation. In this publication, Apostle Frequency Revelator unveils the divine truth that in the realm of the spirit, we carry different measures and degrees of God's presence. There is a general omni- presence and a manifest presence. The general presence is a common outer court presence that manifest everywhere by the grace of God. On the other hand, the manifest presence is a specific and tangible presence that comes or originates straight from the throne room and is manifested intensely when God is moving or doing something special in a service. It is the manifest presence that brings about healings, deliverance, miracles, signs and wonders. You can just be in the presence of God and you could just press deeper and deeper with greater hunger for more of the presence of God. And as the presence of God and the glory of God increases in your life, it is just like putting fertilizer into the ground into the seed that is growing and it just blossoms. In this publication, Apostle Frequency Revelator explores the divine truth that it is possible for one to be under the atmosphere of God's presence 24 hours as long as the right atmosphere is activated. The presence of God has to be practised, stirred, activated, invoked or invigorated. That is why there is such a thing called practising the presence. It is in the presence of God that we get so refreshed, revitalised, rejuvenated and invigorated with divine energy.. This supernatural infusion is like a breath of fresh air that will invigorate you and position you for exploits on the Kingdom. It must be understood expressly that while God generally breeds His presence in measures and degrees, there is a part that you should play in order to usher His presence. Hence, there is no such thing as an automatic presence. Instead, it has to be stirred through such spiritual acts as having a constant flow of music, practical involvement in ministerial sessions, listening to powerful sermons, studying the word as well as prayer and fasting. That is what we call the practice of God's presence. By casting the identity of Christ as the One-Who-Is-Present, Holmes concentrates on how Christ ministers his power, truth, and love in the Spirit for the sake of the transformation of human life. As present, Christ's work is both finished and unfinished, complete and open-ended; as endlessly contemporary, it is constitutive of reality and so (re-)shapes the ethical landscape and the moral life. In revisiting the doctrine of Christ's contemporaneity with its ethical implications firmly in view, Holmes's work fills a lacuna in the contemporary literature on Christian ethics. In conversation with John's Gospel, the priority of Christology comes to drive the very shape of moral questions for today. Here the compelling task of ethics is a matter of becoming aligned with and transparent to Christ's own presence and so to Christ's work of making all things new. description Walking in God's presence was made real to Michell and Diane Cook by Brother Lawrence. Hailed as the "king of sleaze," tabloid editor Dennis Luxford is used to ferreting out the sins and scandals of people in exposed positions. But when he opens an innocuous-looking letter addressed to him at The Source, he discovers that someone else excels at ferreting out secrets as well. Ten-year-old Charlotte Bowen has been abducted, and if Luxford does not admit publicly to having fathered her, she will die. But Charlotte's existence is Luxford's most fiercely guarded secret, and acknowledging her as his child will throw more than one life and career into chaos. Luxford knows that the story of Charlotte's paternity could make him a laughingstock and reveal to his beautiful wife and son the lie he's lived for a decade. Yet it's not only Luxford's reputation that's on the line: it's also the reputation—and career—of Charlotte Bowen's mother. For she is Undersecretary of State for the Home Office, one of the most high-profile Junior Ministers and quite possibly the next Margaret Thatcher. Knowing that her political future hangs in the balance, Eve Bowen refuses to let Luxford damage her career by printing the story or calling the police. So the editor turns to forensic scientist Simon St. James for help. It's a case that fills St. James with disquiet, however, for none of the players in the drama seem to react the way one would expect. Then tragedy occurs and New Scotland Yard becomes involved. Detective Inspector Thomas Lynley soon discovers that the case sends tentacles from London into the countryside, and he must simultaneously outfox death as he probes Charlotte Bowen's mysterious disappearance. Meanwhile, his partner Detective Sergeant Barbara Havers, working part of the investigation on her own and hoping to make the coup of her career, may be drawing closer to a grim solution—and to danger—than anyone knows. In the Presence of the Enemy is a brilliantly insightful and haunting novel of ideals corrupted by self-interest, of the sins of parents visited upon children, and of the masks that hide people from each other—and from themselves. In this dual title combo of "The Practice of the Presence of God," and "Spiritual Maxims," we are able to catch a glimpse into the inner life of Brother Lawrence, and learn to walk in communion with God in a similar manner. Brother Lawrence lived from 1605-1691 as a mystic lay-minister in a monastery in France. Four-hundred years ago, Brother Lawrence learned how to continually abide in the presence of God. He learned the secret of continually abiding, and conversing with God. Whether he be in his time of prayer, or serving by washing dishes, the eyes of his heart were captivated by God. The writings of Brother Lawrence will be sure to urge you on into deeper fellowship and intimacy with God. A possessing spirit. A murder of crows. An act of betrayal. Can the beasts of Burden Hill survive the growing presence of evil in their midst? Abstract: "Classes are harder to subclass than they need be. This report addresses this problem, showing how to design classes that are more modular and easier to subclass without sacrificing the extensibility that makes subclassing useful to begin with. We argue that a class should have two interfaces, an instance interface used by programmers manipulating instances of the class, and a specialization interface used by programmers building subclasses of the class. Instance interfaces are relatively well understood, but design principles for specialization interfaces are not. In the context of single inheritance, we argue that specialization interfaces should be partitioned into class components. A class component groups part of a class's state together with methods to maintain that state. Class components establish abstraction boundaries within classes, allowing modular replacement of components by subclasses. Achieving this replaceability requires reasoning about each component as an independent unit that depends only on the specifications of other components and not on their implementations. We introduce the concept of abstract representation to denote the view of a class's state given in its specialization interface. This view is more detailed than the view used to describe instances of the class, revealing details that describe the interfaces between class components. It is less detailed than the actual implementation, hiding implementation details that should not be exposed even to specializers. We also consider multiple inheritance, specifically, Snyder's model of encapsulated multiple inheritance. We advocate separating class components into individual classes called mixins. Instantiable classes are built by combining multiple mixins. With the mixin style of design, class hierarchies have more classes than in equivalent single-inheritance designs. These classes have smaller, simpler interfaces and can be reused more flexibly. To explore the impact our ideas might have on program design, we consider classes from existing libraries in light of the proposed single- and multiple-inheritance methodologies. To explore the impact our ideas might have on language design, we present two different extensions to Java, one that provides a level of static checking for single-inheritance designs, and another that adds the encapsulated model of multiple inheritance." The Practice of the Presence of God is a spiritual classic that has inspired generations of Christians to a deeper relationship with God. This unique annotated study edition brings the text to life with 185 explanatory notes which explain difficult concepts, relate the text to other biblical or theological ideas, and provide pastoral and devotional insights. There is perhaps no greater constant in religious intuition and experience than the presence of light. In spiritual traditions East and West, light is not only ubiquitous but something that assumes strikingly similar forms in altogether different historical and cultural settings. This study examines light as an aspect of religiously valued experiences and its entailments for mystical theology, philosophy, politics, and religious art. The essays in this volume make an important contribution to religious studies by proposing that it is misleading to conceive of religious experience in terms of an irreconcilable dichotomy between universality and cultural construction. An esteemed group of contributors, representing the study of Asian and Western religious traditions from a range of disciplinary perspectives, suggests that attention to various forms of divine radiance shows that there is indeed a range of principles that, if not universal, are nevertheless very widely occurring and amenable to fruitful comparative inquiry. What results is a work of enormous scope, demonstrating compelling cross-connections that will be of value to scholars of comparative religions, mysticism, and the relationship between art and the sacred. MORE THAN HALF A MILLION COPIES SOLD: Learn the simple techniques you'll need to approach your biggest challenges with confidence. Have you ever left a nerve-racking challenge and immediately wished for a do over? Maybe after a job interview, a performance, or a difficult conversation? The very moments that require us to be genuine and commanding can instead cause us to feel phony and powerless. Too often we approach our lives' biggest hurdles with dread, execute them with anxiety, and leave them with regret. By accessing our personal power, we can achieve "presence," the state in which we stop worrying about the impression we're making on others and instead adjust the impression we've been making on ourselves. As Harvard professor Amy Cuddy's revolutionary book reveals, we don't need to embark on a grand spiritual quest or complete an inner transformation to harness the power of presence. Instead, we need to nudge ourselves, moment by moment, by tweaking our body language, behavior, and mind-set in our day-to-day lives. Amy Cuddy has galvanized tens of millions of viewers around the world with her TED talk about "power poses." Now she presents the enthralling science underlying these and many other fascinating body-mind effects, and teaches us how to use simple techniques to liberate ourselves from fear in high-pressure moments, perform at our best, and connect with and empower others to do the same. Brilliantly researched, impassioned, and accessible, Presence is filled with stories of individuals who learned how to flourish during the stressful moments that once terrified them. Every reader will learn how to approach their biggest challenges with confidence instead of dread, and to leave them with satisfaction instead of regret. "Presence feels at once concrete and inspiring, simple but ambitious — above all, truly powerful." —New York Times Book Review A Christian classic on cultivating intimacy with God through life's everyday tasks. This enduring classic of devotion consists of the letters and recorded conversations of a simple seventeenth-century lay brother who, through the most ordinary of activities, was able to achieve a profound intimacy with God. At any moment and in any circumstance, he taught, we can "practice the presence of God"—by thinking on Him, loving Him, and offering up our daily tasks as acts of worship. This volume also includes Brother Lawrence's "Spiritual Maxims," a summary of his teachings in the form of short aphorisms and sayings. During the 1950s and early 1960s Flannery O'Connor wrote more than a hundred book reviews for two Catholic diocesan newspapers in Georgia. This full collection of these reviews nearly doubles the number that have appeared in print elsewhere and represents a significant body of primary materials from the O'Connor canon. We find in the reviews the same personality so vividly apparent in her fiction and her lectures--the unique voice of the artist that is one clear sign of genius. Her spare precision, her humor, her extraordinary ability to permit readers to see deeply into complex and obscure truths--all are present in these reviews and letters.
