Effective Unit Testing Mar 24 2020 Summary Effective Unit Testing is written to show how to write good tests—tests that are concise and to the point, expressive, useful, and maintainable. Inspired by Roy Oshero's bestselling *The Art of Unit Testing*, this book focuses on tools and practices specific to the Java world. It introduces you to emerging techniques like behavior-driven development and specification by example, and shows you how to add robust practices into your toolkit. About Testing Test the components before you assemble them into a full application, and you'll get better software. For Java developers, there's now a decade of experience with well-crafted tests that anticipate problems, identify known and unknown dependencies in the code, and allow you to test components both in isolation and in the context of a full application. About this Book Effective Unit Testing teaches Java developers how to write unit tests that are concise, expressive, useful, and maintainable. Offering crisp explanations and easy-to-absorb examples, it introduces emerging techniques like behavior-driven development and specification by example. Programmers who are already unit testing will learn the current state of the art. Those who are new to the game will learn practices that will serve them well for the rest of their career. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book. About the Author Lasse Koskela is a coach, trainer, consultant, and programmer. He hacks on open source projects, helps companies improve their productivity, and speaks frequently at conferences around the world. Lasse is the author of *Test Driven*, also published by Manning. What's Inside A thorough introduction to unit testing Choosing best-of-breed tools Writing tests using dynamic languages Efficient test automation Table of Contents PART 1 FOUNDATIONS The promise of good tests In search of good Test doubles PART 2 CATALOG Readability Maintainability Trustworthiness PART 3 DIVERSIONS Testable design Writing tests in other JVM languages Speeding up test execution

Saunders Q & A Review for the NCLEX-PN® Examination E-Book Feb 21 2020 To pass the NCLEX-PN® exam on your first try, you need practice! Saunders Q & A Review for the NCLEX-PN® Examination, 6th Edition prepares you for exam success with more than 5,600 practice questions, each reflecting current nursing knowledge and the latest test plan framework. Answer questions in the book, or go to the Evolve website to answer interactive questions in Study mode or in Exam mode for a more realistic testing experience. To enhance your review, each practice question includes a test-taking strategy and rationales for both correct and incorrect answers. Written by NCLEX experts Linda Silvestri and Angela Silvestri, this book is part of the popular Saunders Pyramid to Success, which has helped thousands of nurses pass the NCLEX-PN exam! 1,265 NCLEX-PN® Examination-Style questions are included in the book, and the Evolve website includes all of the questions from the book plus an additional 4,400 questions. Content organized by Client Needs and Integrated Processes mirrors the actual NCLEX-PN exam, providing a logical review for exam preparation and end-of-course standardized exams. UNIQUE! Detailed test-taking strategy and rationale for each question provides clues for analyzing and uncovering the correct answer option, along with rationales for both correct and incorrect options. Case studies include a client scenario and accompanying practice questions. UNIQUE! Priority Nursing Action tips are provided for each question to clarify the most important nursing considerations and interventions for each scenario. Categorization of questions allows you to select questions by cognitive level, client needs, integrated process, and clinical content area. All alternate item format questions are included, providing the practice needed to master critical thinking skills and understand prioritization. Graphic options questions on Evolve familiarize you with these alternate item format question types that could appear on the NCLEX®. Introductory chapters cover preparation guidance for the NCLEX-PN, test-taking strategies, clinical judgment and NGN item types, non-academic preparation, and a new graduate's perspective on the NCLEX-PN experience. NEW! Next Generation NCLEX® (NGN) Examination-Style questions prepare you for the biggest change to the NCLEX-PN test plan to date. NEW! Content reflecting the latest NCLEX-PN® test plan incorporates the most current clinical updates. NEW review questions are added on special populations, gastrointestinal, and complex care, covering the latest guidance.

Chasing Truth Jul 28 2020 “Can someone please help me understand the craziness engulfing our family?” Daily this question screamed through Jemimah’s confused and anxious mind. Chaos ruled as in angst she watched the man she had married rotate his “Dr Jekyll and Mr Hyde” personalities, leaving her feeling trapped and fearful. Jemimah Black takes us on an insightful journey from the exciting beginnings of her new dating relationship, into the gradual uncovering of the shocking truth that she had married an emotionally and psychologically abusive man. She seeks answers to her questions, “How did I get myself into this? Was I so ‘in love’ that I failed to see the signs? If this is now my reality, what is my response to be? Am I required to be silent and endure? Is there a time to stand up and speak up, even if it means losing everything I treasure?” If you are curious and brave enough to venture inside the home of a family experiencing abuse, this book swings the front doors wide open and invites you in. As you enter, you will be surprised and amazed at how, without a single physical blow, one person can hold an entire family hostage. You will not be able to read this book without being deeply challenged. It is an essential tool that sheds light on the dynamics of abuse and will make you question everything you think you know about family violence. Reading this book will not only change you, it might even help you save a life.

The Psychopath Test Aug 09 2021 In this madcap journey, a bestselling journalist investigates psychopaths and the industry of doctors, scientists, and everyone else who studies them. The Psychopath Test is a fascinating journey through the minds of madness. Jon Ronson's exploration of a potential hoax being played on the world's top neurologists takes him, unexpectedly, into the heart of the madness industry. An influential psychologist who is convinced that many important CEOs and politicians are, in fact, psychopaths teaches Ronson how to spot these high-flying individuals by looking out for little telltale verbal and nonverbal clues. And so Ronson, armed with his new psychopath-spotting abilities, enters the corridors of power. He spends time with a death-squad leader institutionalized for mortgage fraud in Cocksackie, New York; a legendary CEO whose psychopathy has been speculated about in the press; and a patient in an asylum for the criminally insane who insists he's sane and certainly not a psychopath. Ronson not only solves the mystery of the hoax but also discovers, disturbingly, that sometimes the personalities at the helm of the madness industry are, with their drives and obsessions, as mad in their own way as those they study. And that relatively ordinary people are, more and more, defined by their maddest edges.

Child Development: An Active Learning Approach Jan 02 2021 Although the field of child and adolescent development seems to be an easy one in which to provide active learning opportunities to students, few textbooks currently exist that actually do this. Child Development: An Active Learning Approach includes the following key features: - Challenging Misconceptions: true/false or multiple choice tests are incorporated at the beginning of each chapter to specifically address topics that are sources of misunderstanding amongst students. - Activities with children and adolescents: 'hands-on' activities that complement the ideas of the text, as an integral part of the text, rather than as “add-ons” at the end of each chapter. - 'The journey of research' will introduce students to the process of research that leads from early findings to more refined outcomes through real-life examples - 'Test Yourself' sections include activities that cause students to reflect on an issue through their own experiences to bring about increased motivation and understanding of a specific topic. - The Instructor's Resource CD-ROM includes a computerized test bank, PowerPoint Slides, sample syllabi, suggested in-class learning activities, and homework assignments. - The Student Study Site includes interactive videos, self-quizzes, key term flashcards, SAGE journal articles with accompanying exercises, and web links with accompanying exercises.

Quagmire’s Test Mar 16 2022 While on a journey to find the final ingredient for her Practically Perfect Parsley Potion, Quagmire Pinch, has a misstep and tumbles down a cliff drawing the attention of a group of gnomes and discovers that in the past their king has killed any and all witches who have stumbled upon his hidden kingdom. She earns the trust of her newfound friends, who allow her to join them in their gem mine. Trying to help, she offers a reluctant cart-pulling mine rat a treat, causing it to stampede and break a cart wheel. She is seen fixing the wheel by a rather unscrupulous gnome who is spying on her. When the king finds out she is a witch, she is thrown into the dungeon. While there, she discovers a diary within a wall detailing the imprisonment of another witch the king had imprisoned very long ago and revealing the king is a usurper. She devises a plan and eventually makes a bargain with the false king to feed his vanity and is released. A spell for him goes awry and a war begins. Will the rightful king be able to take his place to rule Gnometopia?

Our proven strategies have helped legions of students achieve their dreams.

A Journey Through Grammar Land, Parts 1 and 2 Tests and Answers Oct 11 2021 This booklet contains answers to all the scrolls (exercises), tests for each chapter, and answers for the tests. It is to be used with the text, A Journey Through Grammar Land, Parts 1 & 2, and is sold with the text.

Mastering React Test-Driven Development Jul 20 2022 Learn test-driven and behavior-driven development techniques that will give you greater confidence when building React applications Key FeaturesExplore the TDD process, how it works, and why it will help you write maintainable React appsDevelop a component testing framework from scratch, which will help you understand the mechanics of good unit testingReduce complexity by using unit tests and end-to-end acceptance tests to drive the design of your appsBook Description Test-driven development (TDD) is a programming workflow that helps you build your apps by specifying behavior as automated tests. The TDD workflow future-proofs apps so that they can be modified without fear of breaking existing functionality. Another benefit of TDD is that it helps software development teams communicate their intentions more clearly, by way of test specifications. This book teaches you how to apply TDD when building React apps. You’ll create a sample app using the same React libraries and tools that professional React developers use, such as Jest, React Router, Redux, Relay (GraphQL), Cucumber, and Puppeteer. The TDD workflow is supported by various testing techniques and patterns, which are useful even if you’re not following the TDD process. This book covers these techniques by walking you through the creation of a component test framework. You’ll learn automated testing theory which will help you work with any of the test libraries that are in standard usage today, such as React Testing Library. This second edition has been revised with a stronger focus on concise code examples and has been fully updated for React 18. By the end of this TDD book, you’ll be able to use React, Redux, and GraphQL to develop robust web apps. What you will learnBuild test-driven applications using React 18 and JestUnderstand techniques and patterns for writing great automated testsUse test doubles and mocks effectivelyTest-drive browser APIs, including the Fetch API and the WebSocket APIIntegrate with libraries such as React Router, Redux, and Relay (GraphQL)Use Cucumber.js and Puppeteer to build Behaviour-Driven Development (BDD) style tests for your applicationsBuild and test async Redux code using redux-saga and expect-reduxWho this book is for This book is for frontend developers who are looking to improve their testing practices and increase the quality and maintainability of their applications. To make the most of this book, you’ll need knowledge of the JavaScript programming language.

SAT Subject Test Mathematics Level 2 Jan 22 2020 Kaplan’s SAT Subject Test Mathematics Level 2 is the most up-to-date guide on the market with the essential content, practice, and strategies students need for success on Test Day. Kaplan’s expert tips and focused review will help you ace the test and give your college applications a boost. Essential Review Four full-length practice tests with detailed answer explanations A full-length diagnostic test identifies areas for score improvement so you can personalize your prep Focused chapter summaries, highlights, and quizzes End-of-chapter quizzes for additional practice Proven score-raising strategies teach you how to tackle the test efficiently Expert Guidance We know the test: Our Learning Engineers have put tens of thousands of hours into studying the SAT – using real data to design the most effective strategies and study plans. Kaplan’s expert psychometricians make sure our practice questions and study materials are true to the test. We invented test prep—Kaplan (www.kaptest.com) has been helping students for almost 80 years, and more than 95% of our students get into their top-choice schools. Our proven strategies have helped legions of students achieve their dreams.
