Cover art by R. Crumb In this uproarious novel, ridiculous characters emerge from San Francisco's counter-cultural underground to unleash their melancholy and psycho-drama on an unsuspecting world. Poets and vampires, drag queens and performance artists, musicians and strippers co-mingle throughout a yearlong hangover. Where will it end? Is there a 12-step programme for these extreme cases? Longhi's ability to render distinctly memorable characters and zero in on subterranean absurdity keeps the reader laughing throughout. Parenting is difficult! When you are expecting cooing and sweet smiles, you get stinky diapers and tantrums. When you imagine cuddling up with a book, you get siblings bopping each other on the bean. And when you finally get them to bed, you look around and realize the dishes are stacked to the ceiling, the dirty clothes are overflowing the laundry basket, and you can't even remember what color the rug is under all the toys. And then that sweet voice calls "I need a drink!" But you are not alone! There is help for tired parents. After many years as mother, step-mother, grandmother, and primary school teacher, I started writing down some of the stories, thoughts, questions, and mistakes I had gathered over the years in a series of articles for a local newspaper. This is a collection of those articles. So why should you read them? Because parents needs someone in their corner, giving them a pat on the back, wiping the sweat off of their brows, and sending them back into the ring to care for those sometimes wonderful, sometimes wacky, sometimes, "Oh why did we ever have these" kids who make parent's lives so interesting. I hope these stories hold you up - or at least make you laugh - and carry you into the wonderful world of parenting. Not a guide about guilt, but about making little choices throughout the day that improve the planet. We all have our morning routines, whether it's making coffee, walking the dog, feeding the kids, a shower and a shave, the office commute, or some combination thereof. And at each of these morning moments -- in fact, at any given time throughout the day -- we're making choices. What to eat, what to wear, how to dispose of dog poop or diapers, how to travel

from point A to point B, where to have a post-work cocktail, and on, and on -- this compact and resourceful handbook takes a look at how to simplify and "green" our daily choices, from the moment we get up in the morning, until we finally lay our heads down at night. Grist's news about green issues and sustainable living is far from predictable. A self-proclaimed "beacon in the smog," it provides some of the most refreshing and knowledgeable voices on how to live wisely and promote a healthy world. Consider this guide an off-line beacon, bringing Grist's edgy authority, impeccable research, and planetary cheerleading to a broader audience. From Newbery Honor winner Cece Bell comes an offbeat, pitch-perfect storybook for beginning readers that will have them in fits of giggles. "Maybe your foot smells good. Maybe your foot smells great. But I will not smell your foot until you say PLEASE." Meet Chick and Brain. And their friend Spot. Chick likes to follow the rules. Brain might not be as smart as he looks. And Spot just wants to eat lunch. In a graphic reader loaded with verbal and visual humor, Cece Bell offers a comical primer on good manners gone awry. Simple, silly, and perfectly suited for its audience, this tale of Chick and Brain's constant misunderstandings and miscommunications proves once again that Cece Bell is a master at meeting kids where they are. Lined Paper Journal Men. Tom began building his real estate fortune with the purchase of his first property at age 19. Despite having no credit or money of his own, a deal presented itself and Tom was able to see the incredible potential profits in real estate. This was his wake-up call. He realized deals are born every day in nearly every city, big or small. The circumstances that create opportunities for buyers are not unique, but rather commonplace. Deals arise from divorce, disasters, death, bankruptcy, bad decisions, inheritances, and retirement. These are the roots of all deals and they happen everywhere in the world. Tom was lucky to learn at an early age that real estate investing is a business where everyone is equal, rich or poor. The person who has the deal in his hands-the contract-is the person who will make the money. Today, Tom owns and manages over 150,000 square feet of property rentals, houses, commercial centers, offices, industrial and flex properties. In this book, you will learn Tom's methods and see links to the top videos on his YouTube channel, FlipAnythingUSA, where he elaborates on exactly how to make money as a real estate investor. You will also learn how Tom developed tools to find the best deals in any community and how to out-negotiate the competition. This knowledge comes from years of experience and hundreds of wins and losses. All of Tom's lessons are explained here in a very conversational and easy-to-understand manner. This is your chance to learn from a friend. The book is based on real stories: the opportunities, decisions, success and-yes, even failures-that have made Tom McKay one of the shrewdest and savviest investors in the country. Tom takes you from the beginning, where he started out with nothing, looking for a deal first and the money second. Because as Tom would explain, when you have the deal you hold all the cards. Even if you are broke, as long as you have a contract to buy a property at a great price, the rest is simple. Getting a deal on what someone has and what someone wants is where the easiest money is found. If you adopt Tom's method and attitude, you can follow in his footsteps, making millions on land, commercial and industrial buildings, apartments and houses. Regardless of whether you are a teenager, a senior citizen, or anywhere in between, it's not too late to change your life. You can make thousands-sometimes even tens or hundreds of thousands of dollars. Tom knows age and income are not a factor with his methods. Taking action is what is important. In this award-winning cookbook series, innkeepers share their favorite breakfast and brunch recipes. Travel info also included! 100% pure high octane Bogosian. This book will take you from 'sunday Christian' to being a vital member of the body of Christ in your local Church, understanding why you are who you are, and Who for. Matthew started writing this book, not after he'd been in the ministry for twenty years or more, nor after he'd built a 'mega-Church'. He hadn't even started Bible college yet! He began writing this book less than a year after becoming a Christian, so he literally takes you with him, from discovering the difference between how and why things are as they are, all the way to clearly hearing the voice of God and effectively standing up against the devil and his drones, in your life. Wake Up and Smell the Glory is an extraordinary book written by an ordinary man, seven years in the making. It's the compilation of one man's journey from revelation through revelation after finding, accepting and embracing Jesus as his Lord and saviour. Matthew D Smith had been living in this strange world for long enough, before he became a Christian, to realise that from a secular point of view, most of it just doesn't add up. When the idea was introduced to Matthew, that Christians can actually hear the voice of God, they didn't tell him that most people don't, or that it's a rare occurrence. At least not until the prophetic was already flowing, and by then it was too late to squeeze him into the box so many accept. So as a new Christian, with the child like faith that Jesus requested for salvation, Matthew decided early on that if God is who He says He is, and you have a question, what's stopping Him from answering you? The Bible says; You have not because you ask not. So he asked and he asked and he asked some more. From the back of the book; Question for You Have you ever felt like that animated cartoon where the character's trying to make a moral decision and the little angel pops up on his shoulder to represent his conscience? As he's talking to his conscience, a little devil pops up on his other shoulder to talk him into doing the wrong thing instead. Despite the cartoon antics, have you ever noticed how the angel talks to him, respecting him as an individual but the devil talks as him, as if his words were the characters own thoughts. Getting him to focus on the temptation, the sly little devil

whispers it's words in his ear, as if it wasn't even there. Well, welcome to life as it actually is! **Why Would You Read This Book?** I'm just like you, no more, no less. I believe God is raising up His people. Any of His people, to finish the work He started and left us with, two thousand years ago. I've written this book to show you that God can and will use anyone who is ready and everyone who is willing. Don't read this book because you know who I am (nobody knows who I am), read this book because you want to know what God has to say, directly to you! **LIVE IN PEACE AS BROTHERS AND SISTERS BY CHRISTMAS EVE, OR THERE WILL BE NO CHRISTMAS MORNING. END ALL DEATH AND DESTRUCTION, AND DESTROY ALL WEAPONS OF MASS DESTRUCTION.** In this hilarious volume, Samson proves "the older you get, the better you were." He blows the lid off memory loss, moisturizers, menus with microscopic lettering, male pattern baldness, receding gums, crows feet, and inflamed hemorrhoids. Jason Tharp's *It's Okay to Smell Good*, the follow-up to his hit picture book *It's Okay to Be a Unicorn*, introduces the new, hilarious character: Panda Cat, who lives in a world where smelling bad is a good thing! Panda Cat begins each day by brushing his teeth with garlic toothpaste, combing rotten eggs through his hair, and enjoying a breakfast of spoiled milk and a rotten apple. In Smellville, it's cool to be stinky. But when he tries to invent the stinkiest smell ever for the science fair, it backfires—because it smells good. And Panda Cat . . . likes it? How will he tell his friends? Or his hero, Albert Einstink—the scientist behind the theory of stinkativity? *It's Okay to Smell Good* tells kids young and old that you're free to like what you like, no matter how it smells. An Imprint Book Praise for *It's Okay to Smell Good*: "Tharp's good-natured fable is bright and rainbow-y . . . will resonate with any who have felt "other."” —Kirkus Reviews The popular newspaper advice columnist shares anecdotes, advice, answers, and columns dealing with such issues as marital infidelity, AIDS, and homosexuality Who knew science could be so smelly??? This innovative book is a complete exploration of the olfactory system, with a side of gross-out hilarity. First, it tackles the basics, from why things stink to how our sense of smell works (hint: it has to do with the six million scent receptors way up inside our noses). Then, it moves on to some specifics such as the link between smells and memories, some of the stinkiest stinks on Earth, the chemicals smells are made of and more! The eww! on every page is sure to hold every young scientist's attention! **WAKE UP AND SMELL THE COFFEE** is an unapologetic look at what it takes to become successful in today's hyper-competitive society. From your mindset, to your daily routine, to your emotional management, **WAKE UP AND SMELL THE COFFEE** shows you both the right way and the wrong way to climb the success ladder. "I write because I'm still fighting and I have this hope that in a year, or five, or ten, I will wake up and everything will have fallen into place. I write because when I was in Europe, I realized that everything always looks much better from the outside. I write because I confuse affection with love. I'm not an idiot. I know exactly what's wrong with me. I write because I'm obsessed, thank you very much." 'Wake Up and Smell the Funeral', explores the author's innermost obsessions surrounding themes of death, mortality, love, family, immigration and national identity through a compelling fresh voice that uses humor to break through the challenges and obscurity of identity. Willow Wells is officially an entrepreneur. With the first phase of her dog gym's renovation complete, and a success, Willow is ready for more. A doggie spa to be exact. The plan is to win an upcoming dog show, not only giving her the funds for the expansion but a national advertising campaign with the winning dog, Lady Valkyrie. Everything is going according to plan—and Willow can see the future in all its gold medal and dog grooming glory—until Terry Gib, Lady Valkyrie's owner, is accused of murder. Willow thought that Terry had come to Pineview just for training, but it turns out Terry has ties to the town; a painful past that links her to a local bed and breakfast owner. And now

that owner is dead. As Willow races to clear Terry and save their chance at victory with Lady Valkyrie, the rest of her life begins to fall apart too. Wednesday is distracted, her father is anxious, and Griffin, the man she's coming to depend on, is threatening to leave her—so he can woo her. Now Willow is forced to make some big decisions: about who she trusts, who she should believe, and who she should date, before she loses it all forever.

The deconstruction of the traditional workplace hierarchy, the abandonment of performance appraisal, and the impact of millennials/generations Y and Z all point to a substantial revival of teams and teamwork for the first time in more than 20 years. Leading companies are pushing towards a team-centric model but, for many others, team development remains ad hoc as they fail to recognize that teams hold the answers to increased effectiveness. Delivering improved team effectiveness across an organization does not have to be time consuming. The Team Diagnostic Profiler (TDP) is a methodology and process that is easy to use, self-administering, and can deliver 10 to 20% improvement in team effectiveness when deployed in a corporate team strategy. This book is based on the TDP methodology and the years of research completed by the author. The world is flooded with so-called dog training experts, paraphernalia, and information. Cupboards and drawers are bursting with dog biscuits, devices and gadgets. Yet more dog owners than ever are desperately trying to create some semblance of peace and order within their homes amidst their out-of-control canines. Something is clearly afoot in the world of dog ownership and training! In his new book Don Sullivan inspires readers to wake up and recognize the insidious forces undermining the realization of dog owners' dreams, and he empowers them with an unprecedented array of knowledge and understanding to launch them to instant success with their own dogs. At times controversial and continually enlightening, *Wake Up and Smell the Poop!* proves that Don Sullivan's approach to training dogs is far from ordinary. Have you ever had to hunt down the source of a terrible odor? In *What's That Smell?* you'll follow a family as they try and do just that. The source of the smell ends up being a wonderful surprise for them all. Offers a practical guide to personal finance, sharing advice on setting the stage for financial security regardless of one's time in life. Stand back! The tales in this raunchy round-the-world romp might get you dirty. We've all had unspeakable experiences while traveling that we're ashamed to admit, but these often become our best stories in the retelling. The writers in this collection cast inhibition aside and reveal their weirdest and worst moments and how they made the best of them. And memorable moments in exotic destinations come in all shapes and sizes: insects as big as Pam Anderson's left tit, regrettable sex, stink-eyed officials, horrible healers, Lady Gaga's shoes and Madonna's special meal, trigger-happy militants, and peeping Tom rock stars. Adventure vicariously as: Spud Hilton (not Monty Python) finds the Holy Grail by accident. Meghan Ward squats, and then the toilet grunts back, in Goa. Kasha Rigby proved how tough she is on National Geographic's *Ultimate Survival Alaska*, but is she a match for a 90-year-old bone breaker in Guatemala? Namibians stereotype Chinese men as Bruce Lee—Gerald Yeung wonders if attacking baboons will do the same. Keph Senett (hoping not to follow in the footsteps of Pussy Riot) braves bombs, police and a Soviet-era sofa bed to play soccer at the LGBT games in Putin's Russia. Jabba-the-Turd versus Shannon Bradford in an epic showdown in Argentina. And many more.... Favorite breakfast and brunch recipes from the Upper Midwest's best bed & breakfast inns. This book came about when I realized that there was something missing in my life. What I was hearing and what I was experiencing in my life were two different experiences. Whenever I was told about God's unconditional love I really didn't understand what that meant. I was not feeling it. I was trying to understand it with spiritual eyes but the world got in the way. When you are trying to understand the world's point of view you will always be

lacking. I really didn't start to read the bible until later on in my life. It wasn't that I didn't believe because I did, but that very fact made me wonder about the God that I was serving. I didn't realize that God had me in his hands and that He understood my dilemma. God has always been there for me. The reason I did not read the bible was because I thought that I didn't need to. I felt that I was a good person, I seem to love everyone (I was searching myself) and I didn't want any harm to come to anyone. When I started to read the bible my eyes were open to the spiritual world. I still was unsatisfied because I couldn't figure out what my purpose was for my life. That was the first step, and then the questions started to come. Then I started searching the bible trying to put this piece of the puzzle together. The Bible is a puzzle. The Bible is not superficial it goes deep and if you stay on the surface you will not understand the wonders of his word. Then one day I started to write poems and blessings for my friends, out of the blue. I didn't know I had that gift in me. My children write but I thought it came from somewhere else in the family. Then when I wasn't writing for friends I started just writing as the Lord led me. One day I ask God; who am I writing this for? No one is reading it but me. The Lord put on my heart to publish. I couldn't believe I was going to write a book. I hope this book will answer questions and encourage anyone who is having a hard time in their spiritual walk with God. Turning your life over to God is the most peaceful journey you will ever have. I don't mean you will be free from all the trials of the world, but you won't have to go through it by yourself. In your walk you will know what it is to find peace where there is no peace. This hot and spicy devotional for teens from humor writers Todd and Jedd Hafer is available for take-out.
