Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Born a Crime Jan 27 2023 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

How to Read Literature Like a Professor Revised May 19 2022 A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. *How to Read Literature Like a Professor* helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

A Wrinkle in Time Jun 20 2022 Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It is the first book in *The Time Quintet*, which consists of *A Wrinkle in Time*, *A Wind in the Door*, *A Swiftly Tilting Planet*, *Many Waters*, and *An Acceptable Time*. *A Wrinkle in Time* is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling. The Immortal Life of Henrietta Lacks Feb 04 2021 #1 NEW YORK TIMES BESTSELLER • "The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly."—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE "MOST INFLUENTIAL" (CNN), "DEFINING" (LITHUB), AND "BEST" (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first "immortal" human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances like in vitro

fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her "immortality" until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn't her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

In the Time of the Butterflies Jul 29 2020 It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

The Gospel of Matthew May 27 2020 The Gospel of Matthew is the first book in the New Testament. It truly is a "teaching" Gospel. It serves as an important resource for learning about the life and teachings of Jesus Christ. The Apostles needed this teaching so that they could effectively form the foundation upon which the future Christian church would be built. They needed this teaching to obey the commandment which Jesus gave them: "Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything that I have commanded you." (Matt.28:19-20) Using an easy-to-understand format. The Gospel of Matthew offers an in-depth study that reveals why Christ's presence forever changed the world. Author Carol Walker explores the true nature of Jesus, his mission on Earth, and his ministry. From his birth to his death and resurrection, Walker recounts Jesus' life and, in so doing, reveals how Jesus fulfilled Old Testament prophecy. Walker presents thirty-four lessons that cover the twenty-eight chapters of Matthew. Each chapter is summarized to provide historical and cultural background information and a question and answer section presents an opportunity for further discussion. Lessons include the important work of the Holy Spirit, the ministry of John the Baptist, the Sermon on the Mount, Jesus' interpretation of the Ten Commandments, and much more.
