**Introduction A Trip to Canada September 3, 1944** On the above date, two brothers, Jay and Win Schofield, briefly crossed the Canadian border from New York to gather a few documents then return to America. Why? Each needed naturalized citizen status to join the U. S. Army. Jay, at twenty-five, and Win ten years older, were both drafted and eager to serve their country in what would be World War II. Two other brothers, Llew and Brent, had already become eligible. The required documentation for Jay and Win were requisites to prove they were born in the province of Nova Scotia, Canada, some twenty years earlier. It would have been a simple matter of simply asking for their respective birth certificates, getting sworn in, and packing for boot camp. It got complicated. In Halifax, there had been a fire around the time of their familys migration to America destroying their birth records. Jay and Win got their desired status and entered the military. My Life Went On That story was related to me back in the 1950s but, in typical fashion of a self-absorbed teen rebel, I saw little value in the story. Like most boys that age, my immediate focal points were Whats for supper? or Did the Red Sox win last night? or Wholl be my date for Fridays record hop? I mean Really ... that war happened when I was a few months old, What value could it have to me? How wrong I was. The years went by including college, marriage, family, and work. Buried in the background of my thinking, lingered the question about the brothers Canadian visit and what changes the family had undergone before and

after that point. It became even more of a topic considering today's America's red-hot immigration issue with the Mexican border. What would compel family members back then to fight for their adopted country? Today, Canada has become America's forgotten northern border while our southern Mexican border captures most of the national interest. We hear of both electronic and structural fences, our National Guards involvement, a drug war with Mexican cartels, and wanton illegal crossings bringing murders of America's border states citizens. Regrets? For Sure! In 1980, the urgency to ask my dad family questions became more critical following his cancer diagnosis. Hoping to make up for lost time I suggested, nine years later, I write his life story. An endless barrage of questions while he was undergoing the ravages of invasive cancer treatment would prove tiresome. Despite repeated chemical invasions, he persevered. For the first time, I witnessed him crying as he related his mother's undying dedication while she helped him memorize his lines before his high school performance, *The Mikado*. Even today, I can hear my dad's tears on that tape, as he confirmed he never missed a line. Dad shared his family's work ethic: getting to the job despite sickness or hard times. They toiled at multiple, often menial, jobs providing for their four sons and daughter. He spoke lovingly of his parents including his dad dying in 1951 and then losing his mom nine years later. Those tapes provided me long-lasting insights and inspiration. I learned elders are eager to share their lives if someone asked the right questions. Thrilled to tip over that first domino, I knew the interviews had built his story's foundation. Although he was a rookie at dying; I was a rookie at writing; yet we both persisted like veterans. In a few months, his life story formed. I transcribed the interview, did parallel research, and crafted his memoirs the best an emerging author could. The process and the result brought us unparalleled joy. Upon completion, he read, and re-read, the story then gushed on about how much he appreciated my effort. He died knowing his life story would be saved and passed down. Infected with a Memoirs / Schofield history bug, I vowed to carry on. Filling In Some Blanks The family questions, however, gnawed at me. I wanted This guide to Oregon's burgeoning

wine scene covers the renowned Willamette Valley to the remote Snake River Valley. While Moore and Welsch focus on touring the state's wineries, they also provide a wide array of dining and lodging options and spotlight unique recreation, attractions, and natural wonders to seek out in your spare time. In *Extreme Wine*, wine economist and best-selling author Mike Veseth circles the globe searching for the best, worst, cheapest, most expensive, and most over-priced wines. Mike seeks out the most outrageous wine people and places and probes the biggest wine booms and busts. Along the way he applauds celebrity wines, tries to find wine at the movies, and discovers wines that are so scarce that they are almost invisible. Why go to such extremes? Because, Mike argues, the world of wine is growing and changing, and if you want to find out what's really happening you can't be afraid to step over the edge. Written with verve and appreciation for all things wine, *Extreme Wine* will surprise and delight readers. Describes the history of African Americans in professional basketball, from the traveling teams in the first half of the twentieth century to the stars of the 1960s. This book is a practical introduction to the enjoyment and service of wines, particularly in business-social settings. Joins *Food & Philosophy* and *Beer & Philosophy* in the "Epicurean Trilogy". Essays are organized thematically and written by philosophers, wine writers, and winemakers. Chapters include, "The Art & Culture of Wine"; "Tasting & Talking about Wine"; "Wine & Its Critics"; "The Beauty of Wine"; "The Metaphysics of Wine"; and "The Politics & Economics of Wine". Accessible to a general audience while at the same time covering some serious philosophical ground. **The Soul of Basketball** tells the story of an NBA prodigy, his league, and their sport in the throes of crisis during the pivotal 2010-11 season. It began with *The Decision*, that infamous televised moment when uber-star LeBron James revealed that he was leaving the Cleveland Cavaliers—thereby distancing himself from his role model Michael Jordan—to pursue his first championship with his former opponents on the Miami Heat. To the great fortune of LeBron, the NBA, and basketball itself, the mission didn't work out as planned. In this book, veteran NBA writer Ian Thomsen portrays the NBA as a self-correcting society in which young LeBron is forced to absorb hard truths inflicted by his rivals Kobe Bryant, Doc Rivers, and Dirk Nowitzki, in addition to lessons set forth by Pat Riley, Gregg Popovich, Larry Bird, David Stern, Joey Crawford, and many more. Brimming with inside access, *The Soul of Basketball* tells the inspiring story of LeBron's loneliest year, insecure and uncertain, when his ultimate foe was an unlikely immigrant who renewed the American game's ideals. From Miami to Boston, Los Angeles to Dallas, Germany to the NBA's Manhattan headquarters, the

**biggest names in basketball are driven by something more valuable than money and fame—a quest that would pave the way for Stephen Curry, Kevin Durant, and future generations to thrive. “Ian Thomsen provides an antidote to the fast-food, twitter feed of instant information consumption...deft prose and snappy anecdotes...Great, great stuff.”—Leigh Montville, New York Times-bestselling author of Sting Like a Bee “A fine work of sports journalism.”—Kirkus Reviews (starred review) To most of us "wash-ashores," the islands of Martha's Vineyard and Nantucket are resort destinations, summer homes for the Kennedys, the Obamas, and--yes--Bill Belichick. But the year-rounders see a different picture. After the tourists and jetsetters leave, the cold weather descends, and the local shop owners, carpenters, and fishermen ready themselves for the main event: high school football. For over fifty years, the local teams been locked in a fierce rivalry. They play for pride, a trophy, and very often, a shot at the league championship. Despite their tiny populations, both islands are dangerous on the football field. In this far-reaching book, James Sullivan tells the story not only of the Whaler-Vineyarder rivalry, but of two places without a country. Filled with empty houses nine months of the year, Nantucket and the Vineyard have long, unique histories that include such oddities as an attempt to secede from the U.S., and the invention of a proprietary sign language. Delving into the rich history of both places, Sullivan paints a picture of a bygone New England, a place that has never stopped fighting for its life--and for the rights to coveted Island Cup. Written for fans of wine, travel, and the rich and famous, California Celebrity Vineyards is a fascinating journey that will delight, charm, and educate your palate and your knowledge of winemaking. Vines & Vision: The Winemakers of Santa Barbara County is a first-of-its-kind exploration of the people, places, history, trends, and soul of Santa Barbara County wine country. The state of Indiana is known world-wide for auto racing, basketball, and**

manufacturing, but "the crossroads of America" is quickly gaining attention for its quality wines and vineyards. In "Wineing Your Way Across Indiana," author Becky Kelley travels across the Hoosier State in search of the region's best wineries. This book was created to spotlight all the wonderful wineries of Indiana and the wide array of vintages available. Some of the wineries have full menus of Indiana delicacies, several offer tours and outdoor activities, and many want to assist in creating unique experiences for special events. Whether or not they host events and how many they can accommodate is noted on each winery's page, along with a description of their selection and vintages. Most importantly, all of them want to facilitate good times with wonderful people, and an appreciation of Indiana crafted wines. A detailed guide to fifty-five wineries in Minnesota and Wisconsin, including tours of thirteen wine trails and delightful sidebars packed with food pairings, tips and local lore. The essential source for in-depth travel and relocation information to Napa and Sonoma Counties. Fully revised and updated, this guide contains five maps of the wine country. A brilliant, entertaining deconstruction of basketball, drawing on the expertise of board-game creators, magicians, therapists, and more Basketball is the second-most popular sport in the world—an insanely complicated game built on a combination of athleticism, craftiness, rules, intangibles, and superstardom. However, while it's enjoyable to watch, the real reason it works is because it's a game of culture, art, and all the things that make us human. *How to Watch Basketball Like a Genius* deconstructs the sport from top to bottom and then puts it back together again, detailing its intricacies through reporting and dozens of interviews with experts. These experts, however, are a diverse group: wine critics weighing in on LeBron's ability to delegate on the fly, magicians analyzing Chris Paul's mystifying dribbling techniques, cartographers breaking down Steph Curry's deadeye three-point shooting. Every chapter treats basketball to a multi-disciplined study that adventures far beyond the lines of the court, examining key elements of the

sport from some surprising and revealing angles. There's a reason it has conquered the world, and every game is a chance to learn about pop culture, fashion, history, science, art, and anything else that bounces our way. Charles Sullivan's *Napa Wine: A History*, is the engaging story of the rise to prominence of what many believe to be the greatest winegrowing area in the Western hemisphere. This new edition completes that picture, bringing to light more than a decade of dramatic changes and shifted norms visited upon the valley, from phloxera-wasted vineyards to High Court-officiated territorial battles, told in a rousing, transportive narrative. Beginning in 1817 with the movement of Spanish missions into the San Francisco Bay area, Sullivan winds his way through the great wine boom of the late 19th-century, the crippling effect of Prohibition, and Napa's rise out of its havoc to its eventual rivaling of Bordeaux in the judgments of 1976 and 2006. Published in cooperation with the Napa Valley Wine Library, the book includes historic maps, charts of vineyard ownership, and vintages from the 1880s to present. Provides an overview of the state of Massachusetts, covering its history, geography, economy, people, and points of interest. Jaffy Gaffy not only plays basketball, he dreams about it. His season is placed on hold when he has an accident. He must develop his skills in the classroom and also help his family at home if his basketball dream will ever come true. Join Jaffy, his family, and his friends during his eighth grade year living in a rural area. At the age of 47, when he a successful publishing executive and living with his wife and four children in an affluent Chicago suburb, John Shafer made the surprise announcement that he had purchased a vineyard in the Napa Valley. In 1973, he moved his family to California and, with no knowledge of winemaking, began the journey that would lead him, thirty years later, to own and operate what distinguished wine critic Robert M. Parker, Jr. called “one of the world’s greatest wineries.” This book, narrated by Shafer’s son Doug, is a personal account of how his father turned his midlife dream

**into a remarkable success story. Set against the backdrop of Napa Valley's transformation from a rural backwater in the 1970s through its emergence today as one of the top wine regions in the world, the book begins with the winery's shaky start and takes the reader through the father and son's ongoing battles against killer bugs, cellar disasters, local politics, changing consumer tastes, and the volatility of nature itself. Doug Shafer tells the story of his own education, as well as Shafer Vineyards' innovative efforts to be environmentally sustainable, its role in spearheading the designation of a Stags Leap American Viticultural Area, and how the wine industry has changed in the contemporary era of custom-crushing and hobbyist winery investors. NBA Hall of Fame player Elgin Baylor was

**an innovator in his sport, a civil rights trailblazer, and a true superstar. He influenced future NBA All Stars such as Michael Jordan and Kobe Bryant, and is considered by many to be one of the most important players in NBA history. A prolific scorer who baffled opponents with his twists and turns and inventive moves, Baylor was a force both on and off the court for the Minneapolis and Los Angeles Lakers. In *Elgin Baylor: The Man Who Changed Basketball*, Bijan C. Bayne tells the story of how a kid from the streets of segregated Washington, DC, who didn't attend college until he was over twenty, revolutionized basketball and stood up for his rights. In a time when few nationally prominent black athletes spoke out about racial inequality in the United States, Baylor refused to tolerate discrimination. On the court, with his balletic moves and urban style of play, Elgin Baylor lifted the game of basketball off the floor and into the air. *Elgin Baylor: The Man Who Changed Basketball* includes personal reflections from Baylor's old schoolyard companions, former teammates, players he coached in the NBA, and noted sports journalists, bringing to life his childhood, college career, and professional life with intimate detail. Basketball fans, historians, and those interested in the impact of sports on the Civil Rights Movement will all find this first-ever biography of Elgin Baylor both fascinating and inspirational. As early as the 1840s, French settlers brought their knowledge of wine to Washington's Walla Walla Valley. The highly fertile soil and abundant water were perfect complements to their Old World winemaking traditions, halted only by Prohibition and the historically unmerciful weather conditions. A century after the first settlers arrived, the area's wine industry reestablished itself when new pioneers like the Italian Pesciallos and Leonettis opened wineries in the early and mid-1900s, a trade that continues to thrive today. Discover the southeastern portion of the Washington Territory along Lewis and Clark's trail in a whole new light with the trailblazing vintners of the Walla Walla wine industry. Taste the history in every glass with wine writer and Walla Walla native Catie McIntyre Walker as she unearths the valley's transformation from Wild West to world-class wine region.
