The Acclaimed Bestseller That Can Improve Your Classroom Experience Forever! Over the years millions of parents and teachers have used the amazingly effective strategies of Positive Discipline to restore order and civility to their classrooms and homes. And in

today's classroom, where teachers must compete with digital distractions for their students' attention while trying to satisfy increasingly demanding academic standards, it is more important than ever that educators be able to combat apathy, instill vital problem-solving skills, and create a climate that maximizes learning. Now you too can use the time tested Positive Discipline strategies as a foundation for fostering cooperation, problem-solving skills, and mutual respect in

children. This new edition of Positive Discipline in the Classroom is updated with essential tools for the modern teacher. Imagine, instead of controlling behavior, you can be teaching; instead of confronting apathy, you will enjoy motivated, eager students! Inside, you'll learn how to:

- Create a classroom climate that enhances academic learning
- Use encouragement rather than praise and rewards
- Instill valuable social skills and positive behavior through the use of class meetings
- Learn why involving students in solving problems is much more effective than punishment
- Understand the motivation behind students' behavior instead of looking for causes
- And much more!

"A must for every educator. The jargon-free concepts and strategies are easy to follow and have changed my life as a principal, as well as the lives of my teachers and students." - Bill Scott, Principal of Birney Elementary, Marietta, Georgia

"This book should be standard

operating procedure. I highly recommend it to anyone who seeks to teach young people!" - Robert W. Reasoner, president of the International Council for Self-Esteem

"Transforms the way teachers view themselves and their students. The activities in this book show how learning shifts from head to heart, where positive change can really take route." - Dina Emser, M.A., former elementary school principal and education consultant

**The Win-win Classroom** Dec 22 2019 Use this guide to provide teachers with focused training on building student accountability, ending power struggles with kids, and encouraging student cooperation, motivation, self-management, and on-task behavior.

### **Positive Teaching** Dec 02

2020 Problems of classroom management and control are a recurring concern for many teachers. Disruptive behaviour and inattention hinder effective learning and impose a constant

drain upon the teachers' emotional resources. Continual nagging at children only increases teacher stress: what is needed is an effective alternative set of strategies. Originally published in 1984, *Positive Teaching* seeks to meet this need by presenting the behavioural approach to teaching in a clear, direct and lucid way. By adopting the behavioural approach, problem behaviour can be minimised, or rapidly nipped in the bud when it does arise. While punishment may be used in an attempt to stop almost any kind of behaviour, only the appropriate use of positive methods applied contingently, immediately and consistently can teach new, more adaptive behaviour. This is a crucial issue in real teaching and is rarely encountered or even discussed in most teacher education programmes. It is the central focus of *Positive Teaching*. This book is for all teachers, from the beginning student to experienced head teachers; for those teaching in a first school, and for those teaching sixth-

formers; for those experiencing difficulties and for those whose authority is already well established. The behavioural approach offers practical support to those who are struggling and a rationale for the effective, positive strategies of the successful. We can all improve our teaching.

**Management, K-8** Dec 14

2021 This collection of 77 teacher-developed and approved activities gives you ready-to-use tools that encourage positive behavior and are effective for all students.

*Classwide Positive Behavior Interventions and Supports*

May 19 2022 A vital classroom management resource, this book shows how to implement positive behavior interventions and supports (PBIS) in K-12 classrooms, regardless of whether PBIS is adopted schoolwide. The primary focus is universal (Tier 1) support for all students. Practical, step-by-step guidelines are provided for structuring the classroom environment, actively engaging

students in instruction, teaching positive expectations, and establishing a continuum of strategies to reinforce positive behavior and respond to inappropriate behavior. Numerous real-world examples and learning exercises are included. In a large-size format with lay-flat binding for easy photocopying, the book includes reproducible tools for classwide PBIS planning and implementation. Purchasers get access to a Web page where they can download and print the reproducible materials.

**Better Than Carrots or Sticks** Aug 30 2020 Classroom management is traditionally a matter of encouraging good behavior and discouraging bad by doling out rewards and punishments. But studies show that when educators empower students to address and correct misbehavior among themselves, positive results are longer lasting and more wide reaching. In *Better Than Carrots or Sticks*, longtime educators and best-selling authors Dominique Smith,

Douglas Fisher, and Nancy Frey provide a practical blueprint for creating a cooperative and respectful classroom climate in which students and teachers work through behavioral issues together. After a comprehensive overview of the roots of the restorative practices movement in schools, the authors explain how to \* Establish procedures and expectations for student behavior that encourage the development of positive interpersonal skills; \* Develop a nonconfrontational rapport with even the most challenging students; and \* Implement conflict resolution strategies that prioritize relationship building and mutual understanding over finger-pointing and retribution. Rewards and punishments may help to maintain order in the short term, but they're at best superficially effective and at worst counterproductive. This book will prepare teachers at all levels to ensure that their classrooms are welcoming, enriching, and constructive

environments built on collective respect and focused on student achievement.

#### *Positive Learning*

#### *Environments : Creating and Maintaining Productive*

Classrooms Feb 22 2020 How do you create a learning environment that's productive; one where students are engaged, learning and happy? And how do you ensure that

inappropriate behaviours are kept to a minimum? The second edition of *Positive Learning Environments: Creating and Maintaining Productive Classrooms* introduces the key concepts teachers need to know to create and maintain their classroom as a positive learning environment. It begins by introducing four essential components that are the cornerstones of creating a positive, productive learning environment. These positive practices set readers on the pathway to success and help them establish classrooms that recognise and encourage appropriate behaviours while reducing the probability of inappropriate behaviours. It then examines in turn each of the four main groups of evidence-based approaches to managing student behaviour: behavioural, cognitive behavioural, psychoeducational and social justice approaches. For each it discusses the theories that inform them, their practical applications for fostering appropriate

behaviours and also when and how to use them to proactively intervene, if necessary. By the end, readers are empowered to select appropriate theories, approaches and strategies and bring these together to develop their individualised classroom management plan: one that suits their own theoretical beliefs, professional philosophy and teaching style. Transformative Classroom Management Feb 28 2023

Transformative Classroom Management The natural condition of any classroom is harmonious, satisfying, and productive, so why do so many teachers struggle with problems of apathy, hostility, anxiety, inefficiency, and resistance? In this groundbreaking book, education expert John Shindler presents a powerful model, Transformative Classroom Management (TCM), that can be implemented by any teacher

to restore the natural positive feelings in his or her classroom—the love of learning, collaboration, inspiration, and giving—and create a productive learning environment in which all students can achieve. Unlike other classroom management systems that view problems as something to be "handled," TCM offers suggestions for creating optimal conditions for learning, performance, motivation, and growth. This practical book shows teachers how to abandon ineffective short-term gimmicks, bribes, and punishments and adopt the proven management practices and new habits of mind that will transform their classrooms. Praise for Transformative Classroom Management "Transformative Classroom Management is a practical resource that explains the how and why of classroom management for novice and veteran teachers. Dr. Shindler recognizes the importance of preserving the teacher's sanity while ensuring the student's development of a personal

sense of responsibility and a positive self-esteem."

—EILEEN MATUS, principal, South Toms River Elementary School, New Jersey "I have read many other management books by other authors, but Transformative Classroom Management has been the best so far at demystifying the invisible forces in the classroom." —WILL McELROY, 4th grade teacher, Los Angeles United School District "This book was an invaluable tool for me during my student teaching. It served as a reference book that I found myself continually drawn to while struggling to find ways to effectively manage 29 first graders. The ideas, concepts and suggestions in the book were so innovative and helpful that even my Master Teacher found herself implementing some of the ideas! A must have for all student teachers!"

—CAROL GILLON, student teacher, Seattle University "Insightful and thoroughly researched, Transformative Classroom Management is an invaluable tool to help

teachers, newbies and veterans alike, develop fully functional and engaged learning communities." —LISA GAMACHE RODRIGUEZ, teacher, Los Angeles Unified School District
