New Car Buying Guide Helps Consumers Get Insider Tips On How To Buy A Car For Less!'How do you buy a car?' is a common question that most people have no idea on the best way to answer. Knowing how to buy a used car or even a new one for that matter, can mean the difference between going home happy or leaving the dealership with empty pockets. Generally the second biggest purchase in a persons' life is buying a car. It can also turn out to be one of the most expensive mistakes you could ever make. Most people that are in the market to buy a new car struggle with the idea of dealing with dealers and salespeople.

In fact, the average car buyer pays about 20% more than they need to when you factor in financing mistakes, undervalued trade-ins, and inflated sticker prices. Because most people only buy a car every few years, it is difficult for them to gain the experience needed to avoid all of the traps that are out there. They have countless questions to which they must know the answers before they go. Questions such as, should you reveal your monthly payment amount? Leasing it sounds good, but is it really a good deal? Should I trade or sell it myself? Will it help to buy from a friend in the business? A new independent car buying guide entitled The Car Buying Guide - How to Buy a Car Without Getting SCREWED OVER! has just been released to help consumers navigate the complex process of buying a car. Author Greg Mason has put together an extensive collection of tips on buying a car and resources to educate car buyers about the numerous profit streams car dealers use to exploit their customers. Each chapter of The Car Buying Guide covers a different angle of the buying process. Mason not only educates his readers on the ways banks and car dealerships profit from selling cars, but he also provides the best ways to avoid paying too much on financing, dealer fees, and of course the price of the car itself. The Car Buying Guide is different from all other car buying books in that it has a "little something" that most others don't. That little something is the information you need to get to a rock bottom price on the car of your dreams with the least amount of effort in the shortest time possible. Furthermore, The Car Buying Guide is written strictly and uniquely from the buyers' perspective, which puts the consumer in the driver's seat. This specialty buying guide presents easy-to-use historical profiles of some 200 models--cars, trucks, minivans, sport utility vehicles--giving readers a comprehensive view of each model as a used car. Written for the do-it-yourselfer, good enough for the pro! Find hidden rust, spot

crash damage, detect body filler, size up a car with a 10-minute walk-around, find mechanical problems, road-test the vehicle, plus checklists to insure you get what you pay for. Completely redesigned for 1996, to make it easier to find all the information on the cars on any reader's shopping list, Used Car Buying Guide now presents all models in alphabetical order. This annual bestseller steers consumers to the makes and models most likely to provide reliable and practical transportation, thus minimizing the chance of making a costly mistake. Photos. Charts. Featuring the latest reviews and ratings from the renowned auto-test program of Consumer Reports, this guide covers the 1999 model year cars, trucks, minivans, and SUVs, and includes the Consumer Reports recommended models. With the average price of a new car now exceeding \$18,000, this is the guide used-car buyers wait for--the one the New York Daily News called the most useful guide on the market. This guide will steer consumers to the makes and models most likely to provide reliable and practical transportation, and help minimize the chance of making an expensive mistake. Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics. Consumers Union, the publisher of Consumer Reports, has been an influential and defining force in American society since 1936. The organization's mission has remained essentially unchanged: to work for a fair, just, and safe marketplace for all consumers. The Consumers Union National Testing and Research Center in Yonkers, New York, is the largest nonprofit educational and consumer product testing center in the world. In addition to its testing facility in Yonkers and a state-of-the-art auto test center in Connecticut, the organization maintains advocacy offices in San Francisco, Austin, and Washington, D.C., where staff members work on national campaigns to inform and protect consumers. In addition to its flagship publication, Consumer Reports, Consumers Union also maintains several Web sites, including www.ConsumerReports.org and www.ConsumersUnion.org, and publishes two newsletters--Consumer Reports on Health and Consumer Reports Money Adviser--as well as

many special publications. Buying a used vehicle is a great way to save money--if you buy the right one. Complete Guide to Used Cars features 212 profiles that include driving impressions, current price ranges, major specifications, service history, safety recalls, fuel-economy estimates, repair costs, and trouble spots. Produced by the Auto Editors of Consumer Guide, it also offers "Best Buys" in each vehicle category to make choosing the right car, truck, sport-utility vehicle, or minivan easy. Book jacket. Presents the Consumer Reports 2007-2008 new car buying guide that includes comparison charts, ratings and reviews, and leasing information. These days, there are many advantages to buying a used car over a new car. Unfortunately, purchasing a used car may pose a greater risk to the consumer. A used car in its nature will most likely need more repairs, lack newer safety measures, and may come with a short warranty or none at all. That is why it is so important for consumers to do extensive research so they can avoid all of the pitfalls of the used car market category. The auto experts at "Consumer Reports" have done the work for you and have compiled their extensive research and report their findings into the 2006 edition of "Used Car Buying Guide." This fabulous tool will help steer any consumer who is in the market for a used car towards the better-performing and more reliable used car models and away from those models with a troubled past or substandard performance. Before consumers set foot on a used car lot, they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice. "Consumer Reports" knows cars and offers the most detailed and revealing used car reliability information available anywhere including: - Reviews of every major model from 1998 - 2005 - Lists of the best and worst used vehicles and how to avoid a lemon - A checklist of what to look for when inspecting a used car - Tips on negotiating the best price Reliability and crash test information - Making sense of safety information The majority of this book is devoted to the profiles of 256 cars and trucks, presenting all major 1998-2005 models. Each profile contains a photo from the representative year, a write-up of the vehicle, reliability history, crash-test data, and the model years when

key safety gear was added and when a major redesign was made. DO NOT BUY A USED VEHICLE UNTIL YOU HAVE READ THIS BOOK!!!!!!INTRODUCTION, OVERVIEW, AND WHAT YOU WILL LEARN IN THIS BOOK: BE A WINNER IN THE CAR BUYING PROCESS AND SAVE THOUSANDS OF DOLLARS\$\$\$; AND/OR GET A QUALITY VEHICLE FOR LESS.IN THIS BOOK ARE SOME SIMPLE AND QUICK "MUST KNOW CONCEPTS" FOR A CAR BUYER TO UNDERSTAND TO BE ABLE TO PURCHASE A VEHICLE FROM A DEALER AND/OR PRIVATE PARTY SELLER AND GET THE BEST PRICE; AND/OR THE BEST INTEREST RATES; AND/OR THE BEST TERMS; AND/OR TO INSURE A QUALITY VEHICLE THAT WILL SERVE YOU WELL.This very short book will give you the ABSOLUTE confidence, from the beginning to the end of the car buying process, of how to go out and purchase a vehicle and save thousands of dollars and receive a quality vehicle that will serve you well. If you do not know these concepts and car buying tips, you will CERTAINLY pay more for the price of the vehicle; and/or the interest rate on the vehicle will be higher; and/or the other terms will CERTAINLY work against you; and you could possibly buy a dud (bad vehicle). FURTHER, this book is short and straight to the point. This book is also very simple to follow and all the concepts are disclosed in a way that is manageable so you can master them easily and quickly and commit them to your memory or strategy and go into the car buying process with extreme CONFIDENCE and get a great deal. By now we all are aware that Dealers, Dealerships, Sales People, and Sellers of vehicle's make more when they sale the vehicle at a higher price. There is no secret that the seller's whole motivation is to sell you the vehicle at the highest price possible, and/or at the highest interest rates possible, and/or on the seller's terms. It is a very common practice in dealerships that the higher the sales person sales the vehicle for, the higher the sales person's commission. The higher the interest rate, the higher the sales

person's commission. The more the sales person can convince you to sign the contract closer to his terms, the higher the sales person's commission. Therefore, it should not be a surprise to you that you need to gain the most knowledge you can to offset the sales person's strategies and tactics and save yourself some money. Money that you can use for other things. This is just common sense. The concepts, and the explanations of these concepts, will CERTAINLY put you at a better advantage and keep the Sales Person from "eating you alive." These concepts are a "MUST KNOW." Please read the concepts below. Then, continue reading and the following pages will explain and expound on each concept and what each means in detail; so you understand each. 1. TRUSTING THE SELLER IS A BIG KEY. IF AT ALL POSSIBLE, MAKE SURE THE SELLER IS SOMEONE YOU CAN TRUST. IF THE SELLER IS SOMEONE YOU DO NOT TRUST, IT MAY BE IN YOUR BEST INTEREST NOT TO BUY THE USED VEHICLE. IN SOME CIRCUMSTANCES THIS IS KEY.2. MAKE SURE THE VEHICLE IS WHAT YOU NEED AND/OR WANT IN YOUR OWN MIND BEFORE STARTING THE NEGOTIATING PROCESS. 3. MAKE SURE THE CAR IS SOLID AND IN GOOD MECHANICAL CONDITION BEFORE YOU START THE NEGOTIATING PROCESS. 4. HAVE OTHER VEHICLES THAT YOU ARE ALSO COMPARING, OR AT LEAST ACT AS THOUGH YOU HAVE OTHER VEHICLES THAT YOU ARE COMPARING.5. DO NOT EXPOSE HOW MUCH MONEY OR FINANCING YOU HAVE TOO SOON (THIS D..... However, buying a car is a high-ticket purchase and it is very wise to know how to approach such a big purchase so that you get what you want while also getting the best price without unneeded extra costs. That is what this book is all about. I don't know anyone who looks forward to interacting with a car salesperson, or

any salesperson. However, it is one of the things that inevitably have to be dealt with. In the past, car salespeople had the edge because there wasn't a lot of information out there which may, otherwise, enable the customer to have leverage in the negotiation process so that they don't get taken advantage of. However, we live in a different time in which information is abundant and ignorance is a choice. The tricks that car salespeople use are no longer a secret. For the price of a coffee, you can purchase information, such as the one within this book, that can help you to avoid paying thousands of extra dollars in the process of buying a car. Imagine what you could do with that extra cash. In this book, you can expect to learn about:

- Avoiding dealership scams
- Inspecting a car before buying it
- How to not to fall for the tricks of car salespeople
- Buying a car in ways other than through a car dealership
- And much more!

If you are ready to get through the process of buying a car as fast as possible and with minimum hassle, so that you can get to the fun part, which is the driving itself, then scrolling over to the BUY button and clicking it is the first step towards that.
