In this era of tweets and blogs, it is easy to assume that the self-obsessive recording of daily minutiae is a recent phenomenon. But Americans have been navel-gazing since nearly the beginning of the republic. The daily planner—variously called the daily diary, commercial diary, and portable account book—first emerged in colonial times as a means of telling time, tracking finances, locating the nearest inn, and even planning for the coming winter. They were carried by everyone from George Washington to the soldiers who fought the Civil War. And by the twentieth century, this document had become ubiquitous in the American home as a way of recording a great deal more than simple accounts. In this appealing history of the daily act of self-reckoning, Molly McCarthy explores just how vital these unassuming and easily overlooked stationery staples are to those who use them. From their origins in almanacs and blank books through the nineteenth century and on to the enduring legacy of written introspection, McCarthy has penned an exquisite biography of an almost ubiquitous document that has borne witness to American lives in all of their complexity and mundanity. Easter 1916. The Great War rages in Europe with two hundred thousand Irishmen fighting in the British Army. But a small group of Irish nationalists refuse to fight for Britain and strike a blow for Irish freedom. Caught up in the action in Dublin, is twelve-year-old Molly O'Donovan. Her own family is plunged into danger on both sides of the conflict. Her father, a technical officer with the Post Office dodges the crossfire as he tries to restore the telegraph lines while her wayward brother runs messages for the rebels. Molly a trained First Aider, risks her own safety to help the wounded on both sides. As violence and looting erupts in the streets of Dublin alongside heroism and high ideals, Molly records it all. The Proclamation at the GPO, the battle of Mount Street, the arrival of the British Troops. But will Molly's own family survive and will she be able to save her brother? This is her diary. In 1968 Massachusetts, after her brother Patrick goes to fight in Vietnam, fifteen-year-old Molly records in her diary how she misses her brother, volunteers at a Veterans' Administration Hospital, and tries to make sense of the war in Vietnam and the tumultuous events in the United States. It makes a great gift "Graceful yet precise, poetic yet deeply rooted in research, this exploration of an overlooked painter is gorgeous — a joy to read. Molly Peacock's insights and empathy with her subject bring to life both Mary Hiester Reid and her luscious flower paintings." — Charlotte Gray, author of *The Massey Murder* Molly Peacock uncovers the history of neglected painter Mary Hiester Reid, a trailblazing artist who refused to choose between marriage and a career. Born into a patrician American family in the middle of the nineteenth century, Mary Hiester Reid was determined to be a painter and left behind women's design schools to enter the art world of men. After she married fellow artist George Reid, she returned with him to his home country of Canada. There she set about creating over 300 stunning still life and landscape paintings, inhabiting a rich, if sometimes difficult, marriage, coping with a younger rival, exhibiting internationally, and becoming well-reviewed. She studied in Paris, traveled in Spain, and divided her time between Canada and the United States where she lived among America's Arts and Crafts movement titans. She left slender written records; rather, her art became her diary and *Flower Diary* unfolds with an artwork for each episode of her life. In this sumptuous and precisely researched biography, celebrated poet and biographer Molly Peacock brings Mary Hiester Reid, foremother of painters such as Georgia O'Keefe, out of the shadows, revealing a fascinating, complex woman who insisted on her right to live as a married artist, not as a tragic heroine. Peacock uses her poet's skill to create a structurally inventive portrait of this extraordinary

woman whom modernism almost swept aside, weaving threads of her own marriage with Hiester Reid's, following the history of empathy and examining how women manage the demands of creativity and domesticity, coping with relationships, stoves, and steamships, too. How do you make room for art when you must go to the market to buy a chicken for dinner? Hiester Reid had her answers, as Peacock gloriously discovers. In the fall of 1942, roundups of Jews in Dąbrowa Tarnowska, Poland, lead twelve-year-old Molly Applebaum and her cousin Helen to find refuge on a nearby farm, where their only hope for survival is to be hidden away underground --in a box. Confined "in a grave" from 1943 to early 1945, Molly has only her older cousin and her diary to keep her company. Molly writes of the cold, dark space; the unbearable suffering from insufficient food; and the difficult, complicated reliance on two Polish farmers who are risking their own lives to save her. A unique and poignant document, Molly's diary is a stark confession of her fears and anxieties, her despair and her secrets and, above all, her fervent wish to stay alive. Buried Words presents Molly's extraordinary diary, never before published in English, and also the memoir she wrote in the 1990s. Molly Applebaum's courageous words, written fifty years apart, offer a fascinating reflection on both her wartime experiences and her post-war life. ***** CLICK THE AUTHOR NAME "CUSTOMEYES PUBLICATIONS" FOR MORE PLANNERS, JOURNALS & DIARIES ***** Be prepared and keep yourself organized for anything with this stylish Diary! Nothing like spreading peanut butter on the right spots, doing it in the school bathroom, getting instructed in oral for the very first time, even getting the strict head nun at their school to lift her robe in a trance for an all-out anal blasting orgy for graduation! Amerotica launches here another promising young artist with beautifully painted art. Patrice Langtrye inherits her five-time great grandmother Molly's antique woman's secretary desk and discovers a diary hidden in a secret compartment in its upper carvings. The diary contains a year from Molly's life with her husband on his ranch outside Amarillo, Texas before the Civil War. Patrice is outraged at the story contained in Molly's diary and she feels compelled to vindicate her grandmother's name from the story written in the diary. She sets out to see how the husband's side of the family had dealt with Molly's reputation over the years and her trip of discovery brings her into direct contact with the current owner of the ranch, Bradford Langtrye, who owns and operates a ranch called Four Oaks. She finds that the story contained in Molly's diary was incomplete and Edna Langtrye, Brad's mother, helps her complete the story from one diary with another story that was contained in another diary that had been left at Four Oaks. Patrice's encounter with Bradford Langtrye brings surprise. Patrice is almost a physical, mirror image of Molly. Brad feels compelled to have the real life woman to the cold, oil paint of a painting and, at first, has trouble separating the real from the fantasy concerning Patrice. They both find that they have to compromise to sate each other's needs and to form a real life partnership. ***** CLICK THE AUTHOR NAME "CUSTOMRETRO JOURNALS" FOR MORE OF YOUR LOVED ONES NAMES ***** Be prepared and keep yourself organized for anything with this stylish Journal!
