**The Book of Job** May 07 2021 Habel selects the method, materials to be covered, and scholars to be cited, in his humbling task of writing a commentary on such a classic work as The Book of Job--a text that is complex and unclear at many points. (Biblical Studies)

*The Second Book of Samuel* Jan 03 2021 The New English Bible translation of the text, with an introduction and commentary.

**The Book of Exodus** Jan 23 2020 Taking a pioneering approach to commentary writing, Brevard Childs gives an entirely original treatment to the book of Exodus. Apart from the philological notes and translation, this commentary includes a form-critical section, looking at the growth of the tradition in its previous stages; a consideration of the meaning of the text in its present form; and a consideration of its meaning in its total Old Testament context. The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys. The contributors are scholars of international standing.

*Daniel Explained* Jan 27 2023 This commentary on the Book of Daniel-one of the most extensively researched ever written-offers vital information to every reader. For unbelievers It amasses compelling evidence that the book is an authentic writing of Daniel, the great Jewish statesman who lived in the 6th century BC. It shows also that his book accurately predicts Jewish experience during the next several centuries. It fully explains the riddle of the 69 weeks-the prophecy foretelling when Jesus would come. The solution presented here is the first to prove by correct dates and calculations that the prophecy was exactly fulfilled. It is also the first to let Scripture itself identify the events framing the interval. Conclusion The Book of Daniel is divinely inspired. For believers In its analysis of Nebuchadnezzar's dream image, it is the first to establish conclusively what the feet represent. The feet-a picture of the final great empire before Jesus returns-are the United Nations, and the toes are the ten regional governments now embracing virtually all nations of the world. Conclusion Jesus' return is drawing near. For those alive during the Tribulation It revives and defends the ancient view of the church that the Antichrist will come from Syria-Iraq. It demonstrates that soon after the Tribulation begins, Egypt will attack Syria. It sketches out the other horrific opening events of the Tribulation. Conclusion You dare not miss the Rapture."

**A Commentary on Homer's Odyssey** Mar 17 2022 In the second volume, the commentaries by Heubeck (Books IX-XII) and Hoekstra (Books XIII-XVI) are both preceded by introductions, with Hoekstra paying special attention to diction in the Odyssey and the tradition of epic diction in general. The introductions and commentary have been thoroughly revised and adapted to the text of T. W. Allen in the Oxford Classical Text series.

*A Commentary on the Five Books of Moses* Jul 29 2020 Excerpt from A Commentary on the Five Books of Moses: With a Dissertation Concerning the Author or Writer of Said Books; And a General Argument to Each of Them Is Revealed, 'tis High time to rummage the [bible-learning 5 I mean all those Studies that will enable. Men better to understand and defend the Holy Script have long enough viewed our Primeval, and zealous of the. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

*Right with God Right Now* Jul 09 2021 Popular commentary on the Book of Romans, dealing chapter by chapter with Biblical issues such as original sin, judgment, righteousness, salvation. How to find and keep your salvation.

**Revelation** Apr 25 2020 G. K. Beale's monumental New International Greek Testament Commentary volume on Revelation has been highly praised since its publication in 1999. This shorter commentary distills the superb grammatical analysis and exegesis from that tome (over 1,300 pages) into a book more accessible and pertinent to preachers, students, and general Christian readers. As in the original commentary, Beale views Revelation as an integrated whole, as a conscious continuation of the Old Testament prophetic books, and shows that recognizing Revelation's nearly constant use of Old Testament allusions is key to unlocking its meaning. Interspersed throughout the volume are more than sixty sets of "Suggestions for Reflection" to help readers better grasp the relevance of Revelation to their lives and our world today.

*The Second Book of Kings* Oct 12 2021

**Commentary on the Book of Judges** Sep 11 2021 Bible study notes and commentary on the Old Testament book of Judges, with explanation and practical applications. Designed for diligent Bible students, including teachers and preachers. Written from the conservative viewpoint of faith in the Bible as the absolute, inerrant, verbally inspired word of God. Topics discussed include: \* Sin and punishment of the nation of Israel \* God's mercy on those who repent \* Lives of Gideon, Jephthah, Deborah, Barak, Samson, and other judges \* Danger of idolatry and immorality

**Psalms 1–72** Aug 30 2020 The Asia Bible Commentary series empowers Christian believers in Asia to read the Bible from within their respective contexts. Holistic in its approach to the text, each exposition of the biblical books combines exegesis and application. The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible. This commentary on Psalms 1-72 provides an exposition that the reader can engage with in their own community of faith in the Asian cultural context. Along with a commentary on each Psalm, Dr. Federico Villanueva provides cultural reflections on a wide variety of relevant topics that include the likes of lament, praise, creation, meditation, depression and natural phenomena. This commentary is an excellent resource for pastors, lay leaders and Bible students but will also be useful and relevant for any Christian committed to applying the Bible in their respective contexts.

*Bereshit, The Book of Beginnings* Mar 05 2021 In this work, the author brings the book of Bereshit (Genesis) to life by his idiomatic, easily understood translation of the Masoretic text. Dr. Friedman takes many ancient Hebrew idioms and unfolds them and their significance for the reader. Additionally, the reader enters into the flow of the text through his commentary, one that is based on unique Jewish approaches to understanding this foundational biblical book. This translation is both scholarly and artistic; upholding the holiness of the text while casting new looks at it, as is done when assessing the life of Yakov (Jacob). There is a special appendix to the translation and commentary that is found in chapter 37, when the life of Joseph is featured. In this fresh, insightful translation and commentary, the reader will enjoy immersing himself or herself in the Bible's classic first book, the 'Book of the Beginning.'

*The Book of Acts* Feb 22 2020 Experience Pentecost. Look on as 130 converts shake a city. Meet Paul. Go with him as he plants the first Gentile church. Extend the kingdom's power and see the enemy upset. Walk with Paul as he travels to Corinth, Antioch, Ephesus and beyond. For those desiring to be a part of God's action in their churches, their communities and throughout the world, there is nothing that will help more than thoroughly understanding the book of Acts and applying what we can learn from it. Acts was designed to be God's training manual for Christians. It worked in the early church, and it works in the postmodern world. The reader's study of Acts in The Book of Acts will bring new intimacy with the Spirit and new joy in doing His will.

**A Revelation of Jesus Christ** Apr 30 2023 From the Introduction by Merrill C. Tenney: This commentary is an attempt to make plain the meaning of Revelation. With commendable reserve, Dr. Smith has restricted himself largely to interpretation by other passages of Scripture which are related to Revelation by actual quotation or by striking parallelism. His painstaking studies of vocabulary and of related ideas make the book valuable to the earnest student of the Bible. Dr. Smith is a futurist and a premillenarian, holding that all of the Book of Revelation beginning with the fourth chapter relates to the future period of judgment known as 'the great tribulation,' which will be followed by the personal return of Christ and by the establishment of His kingdom. In this regard he is in a long line of renowned commentators, including Seiss, Gaebelein, Ottman, and others. The distinguishing feature of this commentary is its use of Biblical statistics and comparisons. The uses of important terms in the Revelation are cataloged, and their interpretation is derived from their context. The appendices contain some extensive studies of individual topics, correlating information not easily obtainable elsewhere. Dr. Smith follows a literal interpretation except where avowed symbolism demands a different procedure. He has sought to make his exposition consistent in method and in results. His use of Greek is apt, and shows a careful investigation of the underlying vocabulary of the Greek text. This commentary will probably be the mainstay of premillennial exposition for some years to come.

**A Commentary on the Book of Genesis** Jun 27 2020

*A Commentary on the Book of Exodus* Jul 21 2022

**The Book of Ezekiel, Chapters 25–48** Apr 18 2022 This work completes Daniel Block's two-volume commentary on the book of Ezekiel. The result of twelve years of studying this difficult section of Scripture, this volume, like the one on chapters 1-24, provides an excellent discussion of the background of Ezekiel and offers a verse-by-verse exposition that makes clear the message of this obscure and often misunderstood prophet. Block also shows that Ezekiel's ancient wisdom and vision are still very much needed as we enter the twenty-first century.

*A Commentary on the Book of Revelation* Dec 26 2022 As a history book the Bible is unique, telling us about the future as well as the past. To become obsessed with either is to evade life's challenges. Both perspectives are needed to live 'over the circumstances' of the present. The book of Revelation focuses on the future and can produce two reactions among Christians - some cannot get into it and others cannot get out of it!! We need a more balanced view of its significance. After all, it is the only book in the whole Bible to which God has attached a special blessing and an awful curse. It was written for ordinary people under extraordinary pressure. Suffering is the key to its understanding. It is a manual for martyrdom. As history draws to a close, all Christians need its message of warning and encouragement.

**The Book of Revelation** Nov 01 2020 This monumental commentary on the book of Revelation, originally published in 1999, has been highly acclaimed by scholars, pastors,

students, and others seriously interested in interpreting the Apocalypse for the benefit of the church. Too often Revelation is viewed as a book only about the future. As G. K. Beale shows, however, Revelation is not merely a futurology but a book about how the church should live for the glory of God throughout the ages -- including our own. Engaging important questions concerning the interpretation of Revelation in scholarship today, as well as interacting with the various viewpoints scholars hold on these issues, Beale's work makes a major contribution in the much-debated area of how the Old Testament is used in the Apocalypse. Approaching Revelation in terms of its own historical background and literary character, Beale argues convincingly that John's use of Old Testament allusions -- and the way the Jewish exegetical tradition interpreted these same allusions -- provides the key for unlocking the meaning of Revelation's many obscure metaphors. In the course of Beale's careful verse-by-verse exegesis, which also untangles the logical flow of John's thought as it develops from chapter to chapter, it becomes clear that Revelation's challenging pictures are best understood not by apparent technological and contemporary parallels in the twentieth century but by Old Testament and Jewish parallels from the distant past.

**The Power of God** Nov 25 2022 The book you now hold in your hands contains nearly everything the great American puritan Jonathan Edwards (1703-58) ever wrote on the book of Romans. It is collated into a verse-by-verse Bible commentary. Pastors, theologians, historians, and Bible study leaders will find a treasure of biblical insight along with practical application, as one of the great theologians of the Christian church expounds the book that Martin Luther called the "most important piece in the New Testament." Jonathan Edwards' expository genius is clearly evident in both the depth of his biblical insight as well as his logic. Readers will be encouraged and edified as they delve deeply into the book of Romans with Jonathan Edwards by their side.

**The Books of Joel, Obadiah, Jonah, Nahum, Habakkuk and Zephaniah** May 27 2020 The six Old Testament books dealt with in this volume of the Commentary are part of a larger unit originally copied on one scroll and called, for the sake of simplicity, the books of the twelve or minor prophets. The prophetic visions, liturgies and oracles contained in the twelve books were collected over a period of more than 300 years and given their final shape not earlier than the middle of the fifth century BC. In his opening chapter Dr Watts provides the historical and liturgical background to the books and discusses the nature and role of prophecy in worship. In the style established for the series, the NEB translation of the text then follows, divided into brief sections alternating with sections of commentary. The results of Old Testament scholarship and modern theological thought are conveyed to the student and the layman in simple language.

**Gifts and Graces** Jan 15 2022

**Commentary on the Book of Causes** Sep 23 2022 Thomas's Commentary on the Book of Causes, composed during the first half of 1272, offers an extended view of his approach to Neoplatonic thought and functions as a guide to his metaphysics. Though long neglected and, until now, never translated into English, it deserves an equal place alongside his commentaries on Aristotle and Boethius. In addition to the extensive annotation, bibliography, and thorough introduction, this translation is accompanied by two valuable appendices. The first provides a translation of another version of proposition 29 of the Book of Causes, which was not known to St. Thomas. The second lists citations of the Book of Causes found in the works of St. Thomas and cross-references these to a list showing the works, and the exact location within them, where the citations can be found.

**Tales of the End** Apr 06 2021 The Book of Revelation presents the fascinating and terrifying story of what John reports happening to him while on the Mediterranean island of Patmos. It is a far more interesting story than the tired predictions of other would-be prophets whose many forecasts of the future have always failed to materialize. Tales of the End invites readers to hear John's story anew. Rather than forcing John's story into our time, it takes the reader back to the time of its original telling, exploring both what is told and how it is told examining its plot, characters, point of view, temporal perspective, narrator, listener, author and audience. Only then can we ask how this story bears on the modern world and how it addresses enduring human concerns. David Barr's narrative analysis uncovers a complex and compelling story addressed to the communities of Jesus followers in first-century Asia Minor, a story told vividly so that the audience can participate in John's extraordinary experience and so be transformed, adopting new values, new perspectives; indeed, a new understanding of what the world is really like.

**A Commentary on Livy, Books VI-X** Jun 20 2022 Livy's History of Rome is our main source for the study of the history of the early centuries of the Roman Republic. In Book IX Livy narrates the course of the Second Samnite War, one of the most important that Rome fought during its conquest of Italy: the book begins with Livy's celebrated account of the Roman defeat in the Caudine Forks and ends with Roman victory over the Samnites. This commentary discusses all problems posed by Livy's matchless narrative.

**Who Knows what is Good?** May 19 2022 Kathleen Farmer's work on the Books of Proverbs and Ecclesiastes constitute a single volume in the International Theological Commentary, a series whose goal is to bring the Old Testament alive in the worldwide church. In moving beyond the usual critical-historical approach to the Bible, the ITC offers a distinctive theological interpretation of the Hebrew text.

**Rebuilding with Hope** Feb 04 2021 The collected proclamations ascribed to two little-known post-exilic prophets, Haggai and Zechariah, represent a bridge between the traditions of classical Israelite religion and the dramatic changes essential to the preservation of the fragile Restoration community. This section-by-section, verse-by-verse analysis and exposition focus on the prophetic word as addressed not only to Israel in this 'time of small beginnings' but also to the Church today. His primary concern is the theological message of the prophets, yet ever with an eye toward their historical context, literary form and cultural setting.

**The Book of Nehemiah: a Verse by Verse Commentary** Sep 30 2020 Prof. Tom Meyer combines research, memorization and his higher education in the Land of the Bible to reveal fascinating insights, explanations, and cultural comments on the book of Nehemiah. Inside you'll find: The results of Tom's own careful, personal Bible study and lengthy exposure to Jewish thought and practice while living in Israel. Extensive verse by verse explanation, illumination and clarification of this post-exilic book seen through the lens of Middle East Culture and the Ancient Near East. Tom Meyer has an MA in the Historical Geography of Israel and another MA in Middle East Culture and Religion from Jerusalem University College. He is currently a professor at Shasta Bible College and Graduate School and proclaims the Word of God from memory with Wordsower Ministries.

**The Book of Isaiah** Nov 13 2021 Anyone who wishes to benefit from a well organized, topical overview of the Book of Isaiah will appreciate the clarity with which the framework of the prophet's message is expressed. Historical questions, literary construction and authorship are discussed in detail.

**The Wisdom Books: Job, Proverbs, and Ecclesiastes: A Translation with Commentary** Dec 14 2021 Presents a modern translation of the books of Job, Proverbs, and Ecclesiastes in the Old Testament, providing an annotation and commentary for each verse.

**When the Man Comes Around: A Commentary on the Book of Revelation** Mar 29 2023 "Though St. John the Evangelist saw many strange monsters in his vision, he saw no creature so wild as one of his own commentators." ~ G.K. Chesterton The book of Revelation was written to do just that: reveal. But most commentaries nowadays either engage in bizarre speculations about the future, or they keep an embarrassed distance from all the apocalyptic events that the apostle John says will "shortly take place." In this commentary, Douglas Wilson provides a passage-by-passage walkthrough of the entire book, showing how John's most notorious prophecies concern the Fall of Jerusalem in A.D. 70. Explaining symbols and characters as he goes, Wilson shows from the text that not only is this book not an elaborate code, but that Revelation is not even ultimately concerned with the end of the world as we know it. Revelation is about the triumph of the Church, which always happens when the Man comes around.

**Conquering with Christ** Dec 22 2019

**A Commentary on Herodotus Books I-IV** Oct 24 2022 This commentary by leading scholars has been revised and edited, and is designed for use alongside the 'Oxford Classical Text of Herodotus', and will replace the century-old historical commentary of How and Wells (1912) as the most authoritative account of modern scholarship on Herodotus.

**Commentary on the Gospel of John** Feb 16 2022 No description available

**The Documentary Hypothesis** Aug 10 2021 Although originally published more than 50 years ago, The Documentary Hypothesis remains a classic in the field of biblical studies. Summary in form and popular in presentation, it provides a masterful exposition of the documentary hypothesis and subjects its exegetical methods and conclusions to a critical review. Based on a comparison of the Pentateuch to ancient Near Eastern literature, an investigation of Hebrew grammatical structures, and brilliant literary analysis, Cassuto argues for the integrity of the biblical text. Book jacket.

**Commentary on the American Prayer Book** Feb 28 2023 Traces and comments upon the sources, history, and development of each of the rites and formularies of the book from the earliest known forms until the present day.

**Commentary on the Epistle to the Romans, Books 6-10** Aug 22 2022 No description available

**Revelation 1-22 MacArthur New Testament Commentary Two Volume Set** Mar 25 2020 This package includes the complete two-volume set of the Book of Revelation from the MacArthur New Testament Commentary series: Revelation 1-11 and Revelation 12-22. The MacArthur New Testament Commentary series continues to be one of today's top-selling commentary series. These commentaries from respected Bible scholar and preacher John MacArthur give a verse-by-verse analysis in context and provide points of application for passages, illuminating the biblical text in practical and relevant ways. Revelation 1:3 says, "Blessed is the one who reads the words of this prophecy, and blessed are those who hear it and take to heart what is written in it, because the time is near." That blessing may be hard to receive with the Book's shrouded prophecy and eschatological mysteries confusing scholar and lay-reader alike. MacArthur pulls back the veil and reveals more of what God's Word has to say to us in Revelation, covering volatile topics as: The rapture, the millennial kingdom, and the Anti-Christ. These volumes will open your eyes to receive the blessing promised in Revelation's opening verses.

**The Lost World of Genesis One** Dec 02 2020 In this astute mix of cultural critique and biblical studies, John H. Walton presents and defends twenty propositions supporting a literary and theological understanding of Genesis 1 within the context of the ancient Near Eastern world and unpacks its implications for our modern scientific understanding of origins.

**The Gospel According to Matthew** Jun 08 2021 R.T. France's study of Matthew's Gospel is a contribution to the Tyndale New Testament Commentaries, a popular commentary designed to help the general Bible reader understand clearly what the text actually says and what it means, without undue recourse to scholarly technicalities.
